## TO CONTINUE HER AIR TRIP TO CONTINENT

NC. 4 Will Proceed to Ponta Delgada For Flight to Lisbon When Weather Permits

NC. 3 SIGHTED AT 12:10 P. M.

Message to Navy Department Says Commander Towers' Plane Proceeds Under Own Power

NO WORD FROM AUSTRALIAN

British Air Ministry Does Not Know Whereabouts of Aviator Hawker, Who Jumped Off Sunday

(By United Press.)

London, May 19.—Late this afternoon the British air ministry had received no word as to the whereabouts of the Australian aviator, Hawker who jumped off from Newfoundland in a Sopwith air plane, Sunday.

Washington, May 19.—The trans-Atlantic flyer, NC 4 will continue her history-making trip to Europe, the navy department advises indicated today.

She will proceed to Ponta Delgada as soon as weather permits, preparatory for her flight to Lisbon.

The missing American seaplane, NC 3, was sighted at 12:10 p. m., Washington time, the navy department advised today.

The NC 3 was proceeding under her own power.

The cable did not state whether the missing sea plane was in the air or on the water.

Commander Tower's plane was seven miles from Ponta Delgada when last sighted, it was reported.

The message received by the navy department is as follows: "Navy Curtiss 3 was sighted at 12:10 p. m., Washington time, seven miles from Ponta Delgada under own power."

The NC 4 had been ordered to join in the search for Commander Towers and the lost NC 3, the navy department was officially advised earlier in the day.

All destroyers available east of Ponta Delgada also have been ordered to join in the organized search.

### One British Plane Wrecked

St. John, Newfoundland, May 19. The Martinsyde plane which crashed in an effort to get away on the trans-Atlantic flight on the heels of the Sopwith yesterday, is a complete wreck. Examination of the damage today showed that the machine is out of the running for the trans-Atlantic prize.

The two men handling the machine were slightly injured.

Harry Hawker, the Australian aviator, shot away in an effort to make the trans-Atlantic flight, at 1:51 p. m. Sunday. For six weeks Hawker and his navigator, Commander Grieve, had been waiting for favorable weather. The condition yesterday was no better than during the past six weeks but Hawker was determined to start and made an eleventh hour dash to beat the American seaplane.

### RUN DOWN BY MACHINE

The small son of Walter Brown of Milroy was slightly injured Sunday afternoon when he was run down by a machine in Milroy, which was driven by a stranger. The machine was running very slowly, it is said, and the child started across the street and was knocked down but the machine was stopped before he was injured seriously.

## WIDOW OF W. H. SMITH DIES

Mrs. Fannie O. Smith Expires at Her Home Here Sunday

Mrs. Fannie O. Smith, widow of the late Dr. W. H. Smith, died at her home, 815 North Harrison street Sunday morning at the age of eighty-one years. She was the mother of Dr. W. C. Smith, Walter E. Smith and Mrs. J. H. Frazee of this city and Mrs. J. E. Fish of Indianapolis.

The funeral services will be held at the home tomorrow afternoon at two o'clock.

## ARMY DRIVE GETS UNDERWAY TODAY

With Elks at the Helm, it is Planned to Raise County's Share of \$3,000 in Short Order

### DOUGHNUT DAY WEDNESDAY

Senator James E. Watson Enumerates Feats of Salvation Army in Philadelphia Address

## Bake

Here's The Recipe,  
Now Lend a Hand

Local women who have experimented with the following Salvation Army doughnut recipe say it will make five dozen doughnuts

- 5 cups flour;
- 2 cups sugar
- 3 teaspoonfuls baking powder
- 1 salt spoonful salt
- 2 eggs
- 1 1/2 cups milk
- 1 tablespoonful lard

## Bake

The Salvation Army drive for \$3,000 was under way in Rush county today with Elks lodge, No. 1307 of this city at the helm.

The plans were to finish the campaign in short order and raise Rush county's share of the thirteen million dollar Home Service fund, \$3,000, within a few days.

The only extraordinary feature of the drive will be the observance of Doughnut Day here Wednesday. Tri Kappas are in charge of the arrangements, and reports today were that they were meeting with a ready response from the women of Rush county who were appealed to, to

## 66TH CONGRESS FORMALLY OPENS

First Republican Congress in Eight Years Gets Under Way Promptly at 12 Noon Today.

### PRELIMINARY ORGANIZATION

Frederick Gillett is Elected Speaker of House—Charges Against the Administration.

(By United Press.)

Washington, May 19.—The 66th congress opened today. Promptly at twelve noon, Vice-president Marshall in the senate and South Trimble, clerk of the house, let fall their respective gavels and the first republican congress in eight years got under way.

Prayers were uttered in both branches at the start for the success of its work and health and welfare of its members.

After completing its organization, the senate adjourned until tomorrow.

Not even in war times has a congress held such possibilities. Summoned to convene by cable from President Wilson in France, the atmosphere of strong partisanship prevailed in both branches at the start.

Charges against the administration for alleged pittings of policies against offenses in departments and a republican statement on the league of nations were among the developments as congress met today.

Measures designed to remove the war risk insurance bureau outside of politics and to give it authority to meet constantly are the demands in preparation, Representative Button, Illinois, announced.

This was designed as an answer to Secretary Glass' action yesterday in releasing Col. Lindsley as director of the bureau. The peace treaty, suffrage, prohibition, merchant marine, wire and railway control, were the paramount issues.

Representative Sabbath, Illinois, had a resolution calling for repeal of the war time prohibition law which promises an early fight on this issue.

Senator Cummins was elected president protem by acclamation.

In the house election of a speaker followed the roll call. Representative Towner, Iowa, nominated Frederick Gillett, which brought a large demonstration by republicans.

## BROCKDORFF IS BACK FROM SPA

Fourteen Other Members of German Peace Delegation Also Return From Berlin Today

### CREDENTIALS ARE EXCHANGED

Meeting Between Allied and Austrian Peace Delegates at St. Germaine is Very Brief

(By United Press.)

St. Germaine, May 19.—Allied and Austrian peace delegates exchanged credentials in the Pavillon Henry VI here this afternoon.

The ceremonies lasted only two minutes, Jules Cambon presiding in behalf of the allies and Chancellor Renner acting for the Austrians.

Versailles, May 19.—Foreign Minister Brockdorff returned here from Spa today. At the same time Herr Giesberts and fourteen other members of the peace delegation returned from Berlin.

Reports Sunday had intimated strongly that the count would not return. It was said that the views of the chief of the German delegation and the representatives sent from Berlin to consult with him differed so widely as to the further conduct of the negotiations that Count von Brockdorff-Rantzau wished to be replaced at Versailles.

The latest German note, dealing with the status of German religious missions, and further details of the Bulgarian and Turkish negotiations, were before the council of four. Arrangements previously had been made for the ceremony of verifying the credentials of the Austrian delegation. The Austrian treaty probably will not be ready for presentation before the last of the week.

### AGREEMENT IN STRIKE

(By United Press.)

Winnipeg, May 19.—City officials and employers were understood today to have made an agreement to the unionists here in an effort to break the general strike which has been battling in the city since Thursday.

### ODD FELLOWS NOTICE

Franklin lodge will confer the first and second degrees at a called meeting tonight on a class of four. A good attendance is desired.

## IS PARTIALLY DESTROYED

Charles Kile's House at Neff's Corner Damaged by Fire Sunday

The Charles Kile home at Neff's Corner was completely destroyed by fire about 2:30 o'clock yesterday afternoon, with the exception of two rooms which were built to the house recently. The loss is estimated at nearly \$3,000. Mr. Kile carried only \$600 insurance. Most of the household goods were saved by neighbors. A defective flue is said to have been the cause of the fire.

## FORCED TO MOVE FOR THIRD TIME

Mr. and Mrs. Charles Glover Again Driven Out of Their Home by Fire This Morning

### THIRD TIME IN 20 MONTHS

Mrs. Glover Not Aware House Was on Fire Until She Heard Alarm—Sparks are Blamed.

Charles Glover an employe of the Indianapolis and Cincinnati Traction company, was forced to move for the third time during the last twenty months as the result of fire when the house in which he was living, at 713 North Arthur street, belonging to William P. King, residing west of this city was seriously damaged by fire shortly after nine o'clock this morning.

The fire started on the north part of the roof, some distance from the chimney and as Mrs. Glover had started a fire in the grate a short time before, it is thought that sparks from the grate were the cause of the fire.

Mrs. Glover stated this morning that she was busy washing and was not aware that the house was burning until after she had heard the fire alarm sound and upon going into the yard saw that the roof was all ablaze. Most of the household goods were removed from the house and they were not damaged. Mr. King also stated that the loss to the house was entirely covered by insurance. The roof was entirely destroyed and the damage to the house by water was thought to be greater than that of the fire.

## RECRUITING PARTY IS HERE

Five Overseas Men Who Were All Wounded in The Outfit

Fifteen army men from Fort Harrison, forming a recruiting party headed by Lieut. E. J. Dunn, with a full field outfit, arrived here today in two big five-ton army trucks and will be stationed at the old ball grounds in South Main street for a few days recruiting men for all branches of the army service. They carry a kitchen outfit and will live at recruiting headquarters. Numbered among the outfit were five overseas men who were all the way from Chateau Thierry to Argonne woods, and all of whom were wounded one or more times.

### ARLINGTON SOX WIN

The Arlington Red Sox base ball team defeated the Dennisons, a colored team of Indianapolis Sunday afternoon at Arlington with the score of 4 to 1. Northam, the winner's left fielder, was in the game all the time and aided a great deal in winning the game. Long, Arlington's third baseman, polled out three two-baggers, which was the best batting of the game. Tompkins of Rushville, pitched the last inning for Arlington.

## ENUMERATION IN COUNTY GAINS 11

Reports From All Townships Disclose 4,550 Persons of School Age, 3,624 Attend School

### LOSS OF 24 IN RUSHVILLE

Of Those Enumerated and Not Attending Schools, 797 Are Employed and 39 Not Employed

The enumeration in the city schools continued to show a loss this year while a gain of 11 pupils was made in the county. The Rushville school population fell off last year 39 and again this year 24, being the first time in the history of the schools of this county that they made a decrease for two years in succession. The total number of persons of school age in the county is 4,550 with a slight loss in comparison to that two years ago. The total number of those employed was 797 in comparison to 39 that were unemployed. The Rushville city school population numbered 1,229 with a loss of 24 in comparison to that of last year.

The total enumeration in the county is divided as follows: 2,290 white males, 2,131 white females, 74 colored males and 55 colored females. Of this number 1,767 males and 1,848 females are attending school, making the total school attendance in the county, 3,624. Of the 926 persons of school age not attending school, 897 are employed and 39 are not employed. Total school attendance in Rushville city, the report shows, is 1,045.

The enumeration is taken for the purpose of apportioning the school fund of the state among the counties.

The enumeration by townships is as follows:

#### Orange

White males 135, females 118, totaling 253, with a loss of 13 since last year; 114 males and 110 females regular school attendants.

#### Posey

White males 172, females 132, making 305 enumerated, with a decrease of 42 over last year; 134 of the males and 118 of the females are in school.

#### Richland

White males 95, females 77, colored males, 4, females 1, showing a total of 177 with a loss of 14; with 77 males and 58 females in school.

#### Ripley

White males 134, females 113, colored males 3, females 1, making the total of 251, showing an increase of 10 over last year; 106 of

## Why the Manufacturer Advertises

Run over the columns of this newspaper and you will note the advertisements of several "brands" of goods.

The manufacturer studied this market before he advertised here and he believes his are the kind of goods you will like.

He has seen to it that his brands are widely distributed among the trustworthy dealers.

He has made it easy for you to buy these things. This is modern merchandising founded on the idea of helpful service.

## "Drops in" to Pay Uncle in This County a Visit

Lieut. Joe Bishop of Speedway Aviation Field Swoops Down Into Field on Sam Kennedy's Farm North of Arlington Sunday. Much to Surprise of His Relatives Who Were Not Expecting Him

### CROWD OF 500 SEES PLANE

Lieutenant Joe Bishop of the Speedway aviation field near Indianapolis "dropped in" on his uncle, Sam Kennedy, living three miles north of Arlington, Sunday, and enjoyed a good, old-fashioned dinner. There was nothing unusual about Lieut. Bishop's visit because it contained the element of surprise, but the fact that he came by the air route was unusual.

Mr. and Mrs. Kennedy were amazed when they saw an airship circling about over a field near the house, then suddenly swoop down gracefully out of the air like a giant buzzard and come to a stop. A man whose figure looked strangely familiar, jumped out and started towards the house.

Mr. and Mrs. Kennedy were com-

pletely surprised when they recognized their nephew. The visit was wholly unexpected because they had not been notified of his coming, much less of the mode of travel which he used.

"I just came down to pay Uncle Sam a visit for the day," said Lieut. Bishop, over the telephone, in a matter-of-fact way, as though there was nothing unusual about his exploit.

The news of Lieut. Bishop's coming quickly spread over the countryside and a crowd of five hundred people gathered within a half hour. Evidently believing that another pay-as-you-enter, pleasure-riding ship had come into the vicinity seeking travelers who would pay a dollar a minute for a trip in the air, people hurried to the scene by automobile, in buggies, on bicycles and on horseback.

Lieut. Bishop, who lives in Indianapolis, has been in the service of Uncle Sam since June 1917. He was overseas for six months, employed in the civil service, and later enlisted in the flying corps, having been commissioned after receiving the proper amount of training.

## INDIANA SOLDIERS TO AID S. A. DRIVE

Col. Solon J. Carter, 42d F. A.,  
of 14th Division, Directs  
State Campaign.

Home People Ready to Back Up Sal-  
vation Army Workers in Gratitude  
for Services to Boys in  
the Trenches.

Indianapolis, May 15.—Indiana is rapidly getting set for the Salvation Army National Home Service Fund Campaign May 19 to 26. Col. Solon J. Carter, Indiana State Chairman, has already confirmed the appointment of directors of the drive in a majority of counties in the state and in others organization is in process.

Col. Carter is the youngest officer of that rank in the American Army, according to the best information obtainable here. His promotion came in July, 1918, when he was twenty-nine years old. Col. Carter was Major of the 150th Field Artillery when that unit left Indianapolis in September, 1917. April 28th, 1918, he was advanced to Lieutenant-Colonel of the Regiment. Following his appointment as Colonel he was transferred to the 42nd Field Artillery of the 14th Division, located at Camp Custer, and he had prepared that unit for overseas service when the Armistice was signed.

Col. Carter was decorated with the Croix de Guerre and palm for his gallant conduct on the Champagne front in the attack July 15th, when he commanded an artillery detachment which included six French batteries stationed in front of the town of Suippes. For seventy-six hours the fiercest possible fighting was endured.

Col. Carter has been prominent in welding together the Indiana organization of World War Veterans and the National Organization of Soldiers, Sailors and Marines, which recently convened in St. Louis. He has accepted the State Chairmanship in the Salvation drive because he has known personally the service which Salvation Army workers gave to the country's fighting men on the battlefield where they shared with the men in khaki all of the dangers.

Practically all of the counties in the state are organized for the campaign, and chairmen and other executives have been named. Each county is organized as a working unit and

will conduct its own drive, under the direction of the local committee. Organization meetings are now being held in all parts of the state and reports indicate unusual interest. It is stated by county chairmen that no difficulty is anticipated in raising the quotas asked for. The interest that is being taken by the soldiers is proving a determining factor in the campaign, and the home people are ready to back up their boys—who went to the front—by assisting the Salvation Army workers who meant so much to the men while they were in the trenches. Thousands of letters from Indiana soldiers came back from "over there" that told of their gratitude to the Salvation Army, and of their deep obligation and now that the opportunity has come to express appreciation in substantial form, the parents and friends of these boys are ready to do their part.

President Wilson cabled a personal endorsement to Commander Miss E. Booth. The campaign is attracting widespread attention from returned service men, and hundreds are volunteering their aid to assist in putting over the drive. In fact, one of the remarkable features is the general interest manifested by prominent individuals of all faiths and walks in life, as well as organized bodies. Among the latter are the various lodges of Elks throughout the state, all of which are co-operating. Cardinal Gibbons is among the high churchmen who have endorsed the movement.

There are forty corps and outposts of the Salvation Army in Indiana. Heretofore the money has been raised by small collections made by individual members of the army, but no longer will the Salvation Army girls go about with their tambourines collecting pennies. This method has been a bugbear to members and public alike. The new way will permit the workers, who have devoted more than their time to collections, to give all their time in the future to the work for which they have been trained.

A war worker, who served in the hospitals in France throughout the war, said:

"Too much praise cannot be given the Salvation Army workers for their faithful, devoted service. They went right up to the trenches and many a soldier has told me that when the service men in the trenches became desperate they always found a Salvation Army worker at hand to help them bear their sufferings and cheer them up. Many a soldier who has been in the trenches without relief was sought out by a Salvation Army man or woman and given a cup of hot coffee and food at the very moment that it seemed as if nature could bear no more. That's why all the soldiers love the Army and why they are solidly behind the drive."

## TIME TO IMPROVE PASTURES

Clean Up by Cutting Off Brush, Briars and Weeds—Reseeding Bare Spots Is Favored.

(Prepared by the United States Department of Agriculture.)

Spring is the desirable time of year for the improvement of pastures. Large areas of permanent pasture would respond to proper methods of improvement which might include the following:

Keep the pastures clean by cutting off brush, briars and weeds. Large stumps, stones and dead trees should also be removed.

Those areas used for pasture that would permit harrowing and disking at the time of reseeding, applying lime, fertilizers and manure, etc., may be greatly benefited. In some sections terracing may be practiced with satisfactory results.

The application of lime, acid phosphate and manure can always be relied upon in most sections as a means of adding the necessary increased fertility.

Reseeding, particularly in bare spots, is to be recommended. White and Japan clover, bermuda, berds grass, carpet grass and blue grass in favored sections are commonly used. As a rule reseeded pastures should be lightly grazed the first year. At all times it is advisable to keep the cattle off the grass in the spring until well

Work Done in the Spring to Improve Pastures Will Insure Greater Supply of Feed Later.

started. Closer grazing during the rest of the season may be practiced where this has been done. It is also advisable to turn cattle off the pasture earlier in the fall than is commonly practiced.

## DAIRY COW IS ECONOMICAL

Utilizes Coarse Materials, Inedible to Humans, and Turns Them Into Food Material.

Two facts stand out prominently as reasons for the increased production and use of milk. The first is that milk as purchased on the market usually supplies food material together with the growth-producing elements more economically than either meat or eggs. The second reason is that the dairy cow is the most economical producer of animal food. One great law of food conservation is to turn inedible feeds into edible foods in the cheapest possible manner. The dairy cow will utilize coarse materials, inedible to humans—such as grass, cornstalks and hay—and will turn them into milk. Other farm animals also are converters of coarse roughage into edible foods, but are not so efficient as the dairy cow.

## GOOD FOR SCOURS IN CALF

Mixture of Formaldehyde and Water Is Recommended—Cut Down the Amount of Milk Fed.

This is good for scours in calves: One ounce of formaldehyde (use 40 per cent formaldehyde), 16 ounces of water, mix, give one teaspoonful for each pound of milk fed to calf, stir in the milk. Cut down on the amount of milk being fed. This for two feeds is generally enough. Follow with two-ounce dose of castor oil if constipated.

## FEED GRAIN TO YOUNG CALF

When Changed From Whole to Skimmed Milk Little Grain Should Be Put in Youngster's Mouth.

When the calf is changed from whole milk to skim milk, it will begin to eat grain. Place a little grain in its mouth after each feeding of milk. It will soon learn to eat the grain without assistance. The grain should not be fed with the milk. The calf should be allowed to masticate the grain.

## TO PREVENT DISEASE GERMS

Healthy, Tuberculin-Tested Cows Are First Essentials—Pure Water Is Important.

To prevent the entrance of disease germs into milk, healthy, tuberculin-tested cows, free from any udder inflammation or garget, are the first essentials. Healthy men, and pure water from a protected well or spring, are of second importance. Clean utensils, covered pails and clean cows come next.

## DEFECTS IN BUTTER MAKING

Cooling Too Quickly or Working at Too Low Temperature Makes Butter Brittle.

Butter that possesses a perfect texture has a flinty appearance. If the grain is destroyed it is usually the result of overworking or of too high temperatures. Such butter has a weak, greasy body. Cooling too quickly or working at too low temperatures, makes butter brittle and crumbly. If milky brine is present, it shows the lack of thorough washing. Leaky butter results from lack of thorough incorporation of wash water through washing in a fine granular form with cold water, then working insufficiently. A dry body is due to excessive churning or high churning temperature.

## Control Texture of Butter.

The grain or texture of the butter is affected and controlled largely by the treatment which the butter receives during the washing and working processes.

## How Much Is a Haircut Worth?

Floyd Says That 25 Cents is Enough And That 15 Cents is Enough For a Shave.

There is at least one man in Rushville who does not believe in high prices, and that man is Richard Floyd, the barber, whose shop is in Walker's Pool Room, on East Second street, opposite the Court House. He says a quarter is enough for a first-class haircut and that 15 cents is enough for a first-class shave. He is right about this. All that is necessary to do a profitable business at these prices is to keep busy, for the prices themselves will bring customers in. It is the barber who is idle half the time who is obliged to charge his customers more.

Mr. Floyd now has three chairs in his shop and can take care of a lot of customers every day. He has a perfect checking system that does away with long, provoking waiting. Each customer is given a numbered check as he enters, and can then go where he pleases until his turn comes to be waited upon. He can watch the pool players or go anywhere else. Also reservations can be secured by telephone, and a place held for you. All that is required of the customer is to be present when his turn comes.

Mr. Floyd has put in a new copper sterilizer, the only one of the kind in town so that all hot towels used in his place are thoroughly germ-proof and absolutely clean. His shop has been renovated and painted, and things generally fixed up so that it is a mighty nice place to come for a haircut or shave. Floyd has the late improvements in the way of electric clippers, vibrators, etc. Now, then, if you believe in fair prices, in cleanliness and in comfort, this is the barber you are looking for.

America's  
Immortals

Most striking instances  
of gallantry for which  
the Distinguished Service  
Cross has been awarded

It was a difficult task to select from the thousands of acts of unusual bravery performed by American soldiers in France a few that stood out above all others. General Pershing's staff undertook the task, however, so that the most exceptional cases might be given the publicity they deserve. Below are the stories of the feats that won for some of the American fighters the coveted Distinguished Service Cross.

HARRY GROVER O'CONNOR,  
Sergeant, Headquarters Detachment,  
Personnel Office, 78th Division.

Sergt. O'Connor was decorated for conspicuous bravery in action near St. Julien, France, October 15, 1918. Sergt. O'Connor volunteered and went from his division headquarters to one of the regiments in line to obtain much needed information and to arrange for liaison. He covered the distance of six kilometers through shell fire three times before the unit was found; and, while returning with the information, was seriously wounded by a shell which mortally wounded two companions. He gave water and first aid to the two men and dragged himself down the road until he met a soldier whom he sent for an ambulance. After reaching the hospital and having his wounds dressed, he left the hospital without the knowledge of the attendants and delivered the information to his division headquarters in person.

RICHARD H. HILTON,  
Sergeant, Company M, 118th Infantry.

Sergt. Hilton was decorated for conspicuous gallantry at Brancourt, France, October 11, 1918. While Sergt. Hilton's company was advancing through the village of Brancourt, it was held up by intense enfilading fire from a machine gun. Discovering that the fire came from a machine gun nest in a shell hole at the edge of the town, Sergt. Hilton, accompanied by a few other soldiers, but well in advance of them, pressed on toward this position, firing with his rifle until his ammunition was exhausted, and then with his pistol, killing six of the enemy and capturing ten. In the course of this daring exploit, Sergt. Hilton received a wound from a bursting shell which resulted in the loss of his arm. Sergt. Hilton's home is at Westville, S. C.

near Verdun, France, October 9, 1918. Sergt. Colver was awarded the Distinguished Service Cross. Volunteering with two other soldiers, to locate machine gun nests, Sergt. Colver advanced on the hostile positions to a point where he was half surrounded by the nests, which were in ambush. He killed the gunner of one gun with a captured German grenade and then turned this gun on the other nests, silencing all of them before he returned to his platoon. He was later killed in action. Sergt. Colver lived with his father, William H. Colver, at 202 Helen avenue, South Ozone, L. I., N. Y.

BERGER LEMAN,  
Private, Company H, 132nd Infantry.

Private Lemman was decorated for conspicuous gallantry in action near Consenvoye, France, October 9, 1918. When his company reached a point within 100 yards of its objective, to which it was advancing under terrific machine gun fire, Private Lemman voluntarily and unaided, made his way forward, after all others had taken shelter from the direct fire of an enemy machine gun. He crawled to a flank position of the gun and after killing or capturing the entire crew, turned the machine gun on the re-

treating enemy. His mother, Mrs. Anna Lemman, lives in Chicago.

SIDNEY HOLZEMAN,  
Private, Machine Gun Co., 132nd Infantry.

Private Holzeman was decorated for extraordinary heroism in action in the Bois de Foret, France, October 10, 1918. After six runners had been killed or wounded in attempts to get through heavy shell fire with an important message from the regimental commander of the 59th infantry to the regimental commander of the 50th infantry, Private Holzeman, with Private James J. Snyder, responded to a call for volunteers, and succeeded in delivering the message.

LLOYD M. SEIBERT,  
Sergeant Company F, 364th Infantry.

Sergeant Seibert was awarded the Distinguished Service Cross for conspicuous gallantry in action near Epinville, France, September 26, 1918. Suffering from illness, Sergeant Seibert remained with his platoon and led his men with the highest courage and leadership under heavy shell and machine gun fire.

### Doughnut Day

Don't forget—Wednesday, May 21, will be Doughnut Day.

That's the day on which "Doughnuts a la Pershing"—the Doughnuts that won the War—will be enlisted in a new fight against Human Suffering in which the weapons will be the thirteen million dollars of the Salvation Army Home Service Fund.

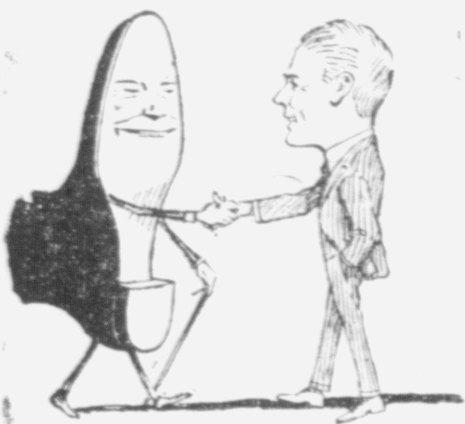

"Dollars for Doughnuts"—that's the slogan of the day. It explains itself. Crisp, fresh, fried doughnuts hot from the pan, the same, identical doughnuts that made the American soldier grin through the worst of the trenches offered will be minted into golden coin right out in public. The local Tri Kappa sorority is in charge of arrangements for the day.

All day long on Doughnut Day, from the time the first milkman starts on his rounds until the last person leaves the streets, Salvation Army doughnuts are to be made, and sold, auctioned off, leased, rented, disposed of in any way you may think of in many public places here.

The only trouble probably will be to furnish enough doughnuts to supply the demand. The Salvation Army doughnut is the best advertised commodity in the world. Everybody in America wants to taste one.

It is altogether meet and fitting that the doughnut which was such a comfort to the boys in the trenches should be a means of letting the American people thank the Salvation Army for the service it gave in France.

So get busy on the DOUGHNUT DAY plan. Talk it up; work it up! Make it the biggest day in the campaign!

Your shoes are most intimate personal friends—or they are not.

No two sides to a shoe (except inside and outside). Either you love to slip your foot into it at the day's beginning, or you hate the sight of it.

Here in our shop we do everything that skill and experience can suggest to make certain that the shoes you buy are going to be friendly.

### Sap and Salt

By BERT MOSES.

Most of us do not dare to openly say what we honestly think.

Many a man who tries to be a gentleman succeeds only in being a "gent."

A big liar feels awful small when he comes across a liar bigger than he is.

Men may learn everything else in the world, and still be shy on common sense.

The organization that co-operates with the boss is the only organization that scores high.

To be well bred, you must learn to laugh at everybody's jokes, no matter how many times you have heard them before.

Hez Heck says: "Sometimes it is hard to say who's the worst—the prisoner at the bar or most of the jury trying the case."

### Poor Apologies.

The old saying that a poor workman complains of his tools is illustrated by the effort of executive officials to excuse leniency with anarchists by alluding to "legislation in the last session of Congress which failed because of the filibuster". The remark is misleading in several respects. In the first place, if any legislation relative to enforcement of law against anarchists was defeated in the last session of Congress, it was not defeated by a filibuster. Congress met in December and was in session. As a matter of fact, the administration has been given all the power any administration could need to suppress lawlessness.

But the remark about defeat of legislation by a filibuster is coupled up with another remark which is a confession. We are informed that officials in high places who have been inclined to look upon bolshevism with tolerance are convinced that "the time for leniency and toleration is past". Ordinary citizens, among whom most of us may be numbered, have long believed that the time for leniency had passed.

The department of justice is the official interpreter of Federal laws. The law provides that officers of the government may send free of postage matter relating "exclusively" to "business" of the government. The department of justice gives its O. K. to a personal letter defending the present system of courts-martial. How does such a letter relate "exclusively" to the "business" of the government?

### Dorothy Gish at Princess.

If you were a slavey in a London boarding house, and your job was to take orders from every one who had lodging there, and if one of the boarders ordered you to feed her hot mice, and you did, and one of them got out of the cage, and ran right at you—Well, now, just what would you do?

That is the situation that confronted Dorothy Gish when "Roots" her newest Paramount picture, which is being shown at the Princess theatre today, was being made at the Hollywood, Calif., studios. And to make matters much worse, Miss Gish knew that the horrible camera was being turned every second and that all the attempts she might make would be indelibly registered on the film.

That had not been arranged for in the story, and it wasn't quite fair. There were tables and chairs and other things in the room and Dorothy made good use of them. The mice, by the way, have a lot to do with the story, and when the scene was finished Miss Gish consented to go through a little more of the ordeal in order to have the whole thing in the picture. Miss Gish is splendidly supported in this photoplay.

## A Mother's Happiness Made Perfect

Of Utmost Importance That She Have Every Care.

The expectant mother's physical comfort should be our first thought, and all about her should see to it that her preparation for baby's coming be complete. There is a most splendid remedy to prepare women for the greatest time in their lives. Known as Mother's Friend. It is applied to the muscles of the abdomen, gently rubbed in, and at once penetrates to relieve strain on nerves, cords and ligaments. It makes the muscles so pliant that they expand easily when baby arrives; the hours at the time are fewer, and pain and danger at the crisis is naturally avoided. Mother's Friend enables the mother to preserve her health and strength, and she remains a pretty mother by having avoided discomfort and suffering which more often than otherwise accompanies such an occasion when nature is unaided. Every nerve, muscle and tendon is thoroughly lubricated. Discomfort during the period is counteracted, and the skin, after the crisis, is left smooth and natural. Write to the Bradfield Regulator Company, Dept. B, Lamar Building, Atlanta, Georgia, for their Motherhood Book, and obtain a bottle of Mother's Friend from the drug store today without fail.

Rushville Council is Represented  
Sunday at Greengrub and  
Richmond—Large Classes

### BANQUET AT LATTER PLACE

The Ninth initiation of Richmond Council Knights of Columbus attracted many visitors from eastern Indiana and western Ohio yesterday. More than one hundred candidates were initiated, the second degree being put on by the Dayton team and the third degree by Thos. J. Duffy and staff of Columbus, O.

Following the initiation, a banquet at which 600 Knights were guests of honor, was given on the floor of the Coliseum. This banquet was the most elaborate affair ever given in Richmond, the Rev. Walter J. Cronin, formerly pastor of St. Mary's church at this place, was toastmaster. The local knights who attended were Thos. Canley, Thos. Geraghty, Jr., Ed Kelly, Martin Kelly, John Geraghty, J. B. Madden, Bert Madden, Laurence Madden, John Crowley, George Geraghty, Joe Madden, Donald Meyer, Ed Tynner, Thos. Horr, Ed Bishop and Joe Keating, John McCoy, Charles Caron, Wm. Fitzgerald and Tom Cooming.

A large delegation of visitors from Rushville Council Knights of Columbus also journeyed to Greengrub yesterday to witness the initiation of a large class of candidates. The Shelbyville team gave the work in the second degree and Judge Deery and staff of Indianapolis put on the third degree. Among those who attended from here were James Mullins, Jas. J. Graghty, Mike Cleary, Ed Mullins, Jr., Jos. McCoy, Thos. McCoy, Thos. McCoy, Jr., Prof. Shideler, John Miller, Mark Purcell, Fred Gale, Henry Miller, Dan Hayes and Father Lyons. Father Lyons was one of the principal speakers at the banquet following the initiation.

## WATSON PICKED FOR AN IMPORTANT PLACE

Indiana Senator is Slated For Assignment to Influential Committee on Committees

### A NICE COMPLIMENT TO HIM

Washington, May 19.—Senator James E. Watson is slated to become a member of the committee on committees, which will make the assignment of Republican senators to the various committees.

Members of this important committee were to be announced today by Senator Lodge, Republican senate leader, at the opening session of the Sixty-sixth Congress. Other members of this committee of nine, in addition to the senior Indiana senator, are expected to be Senator Johnson of California, Senator Calder of New York, Senator Knox of Pennsylvania, Senator Curtis of Kansas, Senator Harding of Ohio, Senator Sterling of North Dakota and Senator Brandegee of Connecticut.

It was stated a few days ago that Senator Brandegee would be Lodge's choice for chairman of the committee, but it was not until today that intimation was given as to the other eight members of the committee. Senator Watson's selection will represent a nice compliment to him.

bake the world famous Salvation Army doughnuts, a la Pershing, which kept many a doughboy from perishing on the field of battle.

With few exceptions every minister in Rush county yesterday called attention to the drive opening today and recommended the campaign higher and urged its support.

An army recruiting party of fifteen men, from Fort Harrison, came in today with two big motor trucks bedecked with flags and signs advertising the Salvation Army Home Service fund.

Dozens upon dozens of doughnuts will be offered for sale Wednesday at the George C. Wyatt and company furniture store and the O. P. C. H. The minimum price will be five cents each, but the lid will be off on the maximum price. Tri Kappas will visit the schools during the morning recess hours where the doughnuts will be sold to school children at the rate of two for five cents.

Senator James E. Watson of this city opened the Home Service campaign in Philadelphia last night, declaring that the Salvation Army has linked the words "doughboy" and "doughnut" and they will never be separated again.

Since the drive for the fund will start in practically every city in the United States, the senator said, he thought the people of the country ought to be informed on

### A STITCH IN TIME

Rushville People Should not Neglect Their Kidneys

No kidney ailment is unimportant. Don't overlook the slightest backache or urinary irregularity. Nature may be warning you of approaching dropsy, gravel or Bright's disease. Kidney disease is seldom fatal if treated in time, but neglect may pave the way. Don't neglect a lame or aching back another day. Don't ignore dizzy spells, headaches, weariness or depression. If you feel you need kidney help begin using the reliable, time-tried remedy, Doan's Kidney Pills. For 50 years, Doan's have been found effective. Endorsed by Rushville people.

Mrs. Joseph Doll, W. Third St., Rushville says: "At times my back was so weak and lame I had to stay in bed. It also ached intensely and my kidneys were very irregular in action. Every time I have been this way, I have used Doan's Kidney Pills, procured at the Court House Drug Store, and they have never failed to relieve me after taking a few boxes."

## GENERAL PERSHING'S CABLE

To Commander Evangeline Booth of the Salvation Army in the United States

I WISH to express to you my sincere appreciation and that of all members of the American Expeditionary Forces for the splendid services rendered by the Salvation Army to the American Army in France. You first submitted your plans to me in the summer of 1917, and before the end of that year you had a number of huts in operation in the training area of the First Division and a group of devoted men and women who laid the foundation for the affectionate regard in which the workers of your organization have always been held by the American soldiers. The outstanding features of the work of the Salvation Army have been its disposition to push its activities as far as possible to the front and the trained and experienced character of its workers, whose one thought was the well being of its soldiers they came to serve. While the maintenance of these standards has necessarily kept your work within narrow bounds as compared to some of the other welfare agencies, it has resulted in a degree of excellence and self-sacrifice in the work performed which has been second to none. It has endeared your organization and its individual men and women workers to all those divisions and other units to which they have been attached and has spread their good name to every part of the American Expeditionary Forces. Please accept message to each of your workers.

(Signed) JOHN J. PERSHING.

# The Standard Oil Company and Its Competitors

THE Standard Oil Company (Indiana) in conducting its business, is animated by the homely philosophy of the golden rule.

By dealing in fairness to all, competitor and consumer alike, the company is confident that the superior service it renders, and the merit of the products it manufactures, will secure for the company its fair share of the business.

The Standard Oil Company (Indiana) is in active competition with 264 other companies, large and small, who are selling oil, gasoline, and other petroleum products, in the territory it serves. Most of them are prosperous.

The Standard Oil Company (Indiana) is essentially a service organization in a highly specialized branch of industry, doing a big job as efficiently as it knows how—and it is not owned by one or two rich men, but by 4623 stockholders, not one holding as much as 10 percent of the total stock.

It is the ambition of the Board of Directors that when their trusteeship has expired, that they may report to the stockholders a creditable result that shall have been achieved solely by quality of products, by superior service to the public, and by dealing in fairness to all, competitor, consumer and employee.

## SALVATION ARMY DRIVE IS STARTED

Nation Wide Campaign is Begun To-day to Raise \$13,000,000 for Home Service Fund.

MAY 21 TO BE DOUGHNUT DAY.

Campaign Slogan "A Man May be Down, But He's Never Out" Displayed Everywhere.

(By United Press)

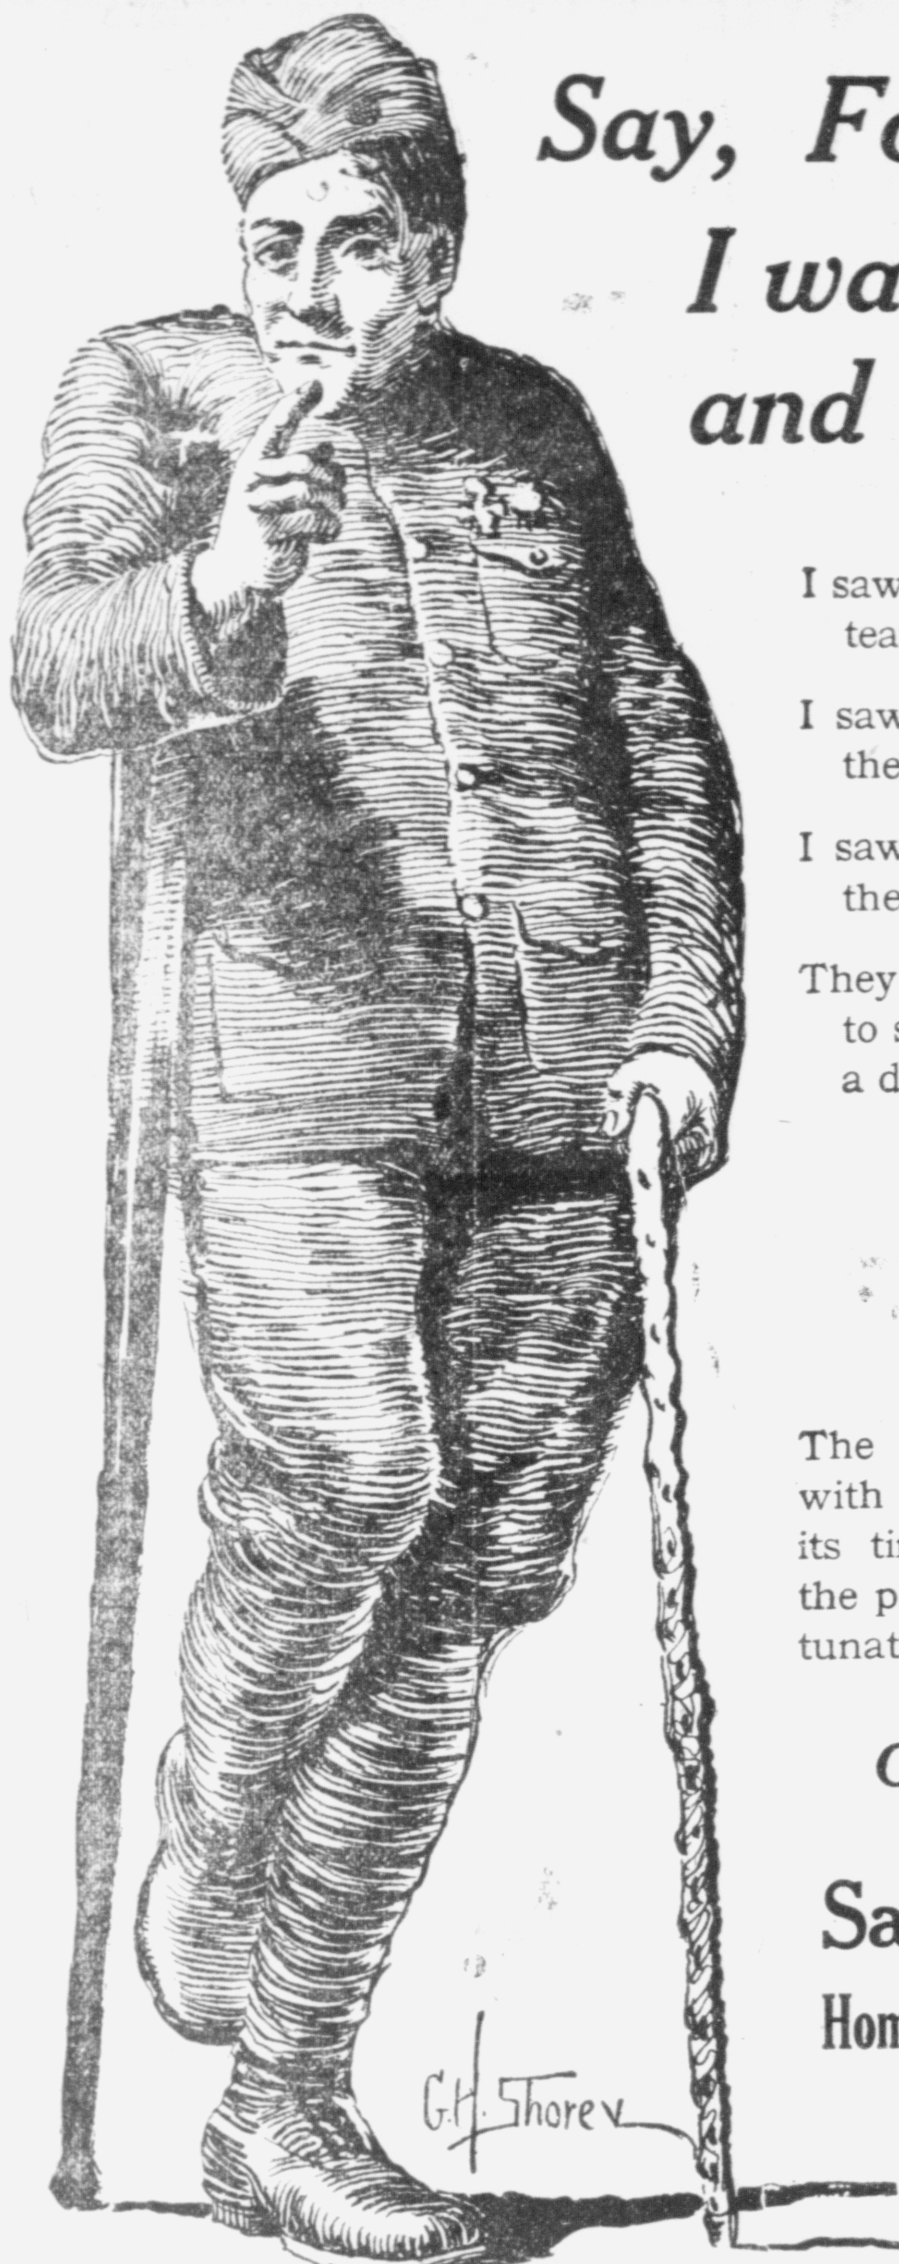

New York, May 19.—The great "A's" of the successful Victory loan are down throughout the United States today, and in their place has been hoisted the red shield of the Salvation Army, or the Army whose workers everywhere in the country aided Uncle Sam in putting his big loan over the top, today began its nation-wide campaign to raise \$13,000,000 for its Home Service Fund.

Every street is a Victory Lane in the Salvation Army drive. For more than fifty years the Army has been leaving the broad highways to work for profit in the alleys and its workers, both Salvation Army folk and the vast force of volunteers, are today on the avenues and byways alike, as they ask the American people to express their gratitude for the work the Salvation Army has done for their soldier of France.

Evangeline Booth, commander of the Salvation Army in the United States, and the members of her staff attended the opening ceremonies of the campaign, at which former Governor Charles S. Whitman, national chairman of the Home Service Fund, presided.

Miss Booth, sanguine of the success of the campaign, said:

"The gratitude of the American people is so well-known that I can see nothing ahead of us but complete success. We are asking the people to give us a little more than \$1,500,000 a day for eight days. In the past we have received close to this amount every year from our untimely casualties, which were made quietly and without the systematic effort we are making in our Home Service Fund drive. Besides, in former

Two of the most active workers in the campaign are the Meltyre sisters, Gladys and Irene, probably the most famous of the Salvation Army lasses who went overseas. These girls both were cited for bravery under fire and recommended for the Distinguished Service Cross.

The campaign slogan, "A man may be Down, but He's Never Out" is displayed everywhere on banners, billboards, in store windows, outside of dwellings, in the lobbies of the hotels and in all other public places.

CONCERT TO BE TONIGHT

Forty-Two Bandmen of 150th F. A. Will Play in Indianapolis.

Indianapolis, Ind., May 19.—Forty-two bandmen who fought with the 150th Field Artillery in France and led this unit through the streets of Indianapolis when Indiana officially welcomed her service men home, will give a concert at the state fair grounds tonight.

The men, who had scattered to their homes throughout the state were re-assembled here today for the event. The seating capacity of the coliseum has been increased to 10,000 for this occasion. The concert will be benefit performance staged by a committee of residents of this city headed by M. E. Foley.

## W.M. SPARKS TO ACT AS THE SPECIAL JUDGE

Most Notable Litigation of the States History to be Tried at Noblesville Soon.

AN EFFORT TO BREAK A WILL

Judge Will Sparks of this city will preside as special judge at Noblesville, Ind., when the Madison Brooks case will be tried at an early date. This is said to be one of the most notable litigations of the kind in the history of the state. It was tried five years ago when the decision of the lower court setting the will aside was appealed to the supreme court. A new trial was ordered.

Brooks owned 3,000 acres of land when he died at the age of 90 years. He had given each of his children 160 acres, being one of the richest farmers in the state. Relatives claim that he was of unsound mind at the time the will was executed.

THE man or woman afflicted with backache, swollen muscles, stiff joints, rheumatic pains or other symptom of kidney trouble is entitled to sympathy and should have help.

Nature gives early warning of kidney trouble by puffiness under eyes, spots before the eyes, dry mouth, biliousness, weakness and pale, waxy, dry skin. It is unwise to neglect the slightest symptom of kidney trouble. Give the kidneys the help they are calling for.

We read of Foley Kidney Pills, so I sent for some and commenced taking them. In a few days I was up out of bed and upon keeping the treatment up for some time I was able to go to work, and have had no more backaches."

### CLARK IS NAMED MINORITY LEADER

Antis Win Victory When Caucus agrees to Investigate Advisability of Steering Committee

SENATE DEMOCRATS ORGANIZE

(By United Press.)

Washington, May 19.—Champ Clark, retiring speaker of the house, was unanimously chosen minority floor leader by the house democratic caucus, Saturday.

Anti-Clark men, however, won a partial victory when the caucus agreed to appoint a committee to investigate as to the advisability of appointing a steering committee to decide on democratic policies in the house.

Party leaders declared that the entire caucus was harmonious.

The fight on Clark failed to develop because of the compromise reached here Saturday between the Clark and Anti-Clark factions.

At the senate democratic meeting Saturday they elected Sen. Martin, Virginia, minority leader, and chose Sen. Pittman of Nevada, as candidate for president protom.

Several hours discussion of democratic policies on legislation then followed.

### RUSHVILLE WINS 2ND PLACE IN TRACK MEET

High School Scores 23 Points in Sectional Event at Connersville  
—Two Will Go To Richmond

TOMPKINS AND SMITH WINNER

Rushville High school won second place in the track meet at Connersville last Saturday with 23 points. Martinsville winning over them by five points. The locals won three firsts and one second. Conwell Smith won the pole vault with a leap of 11 feet and Tompkins won the 100 and 220 dashes and placed second in the low hurdles. With this record they will go into the state meet to be held at Richmond next Saturday with the hope of winning at least two firsts. In the low hurdles Tompkins was beaten only by Hayes of Martinsville by only four inches thus tying the state record for making the low hurdles.

Greenwood took third place with 17 points, Newcastle fourth with 15 points and Richmond fifth with 12 points. Shelbyville and Connersville also scored six points each. The local school was well represented as many from this city attended after R. H. S. made the good showing there in the triangular meet. Many have also signified their intentions to attend the state meet at Richmond.

### WILSON MESSAGE ARRIVES

Tumulty Refuses to Disclose Any of President's Recommendations

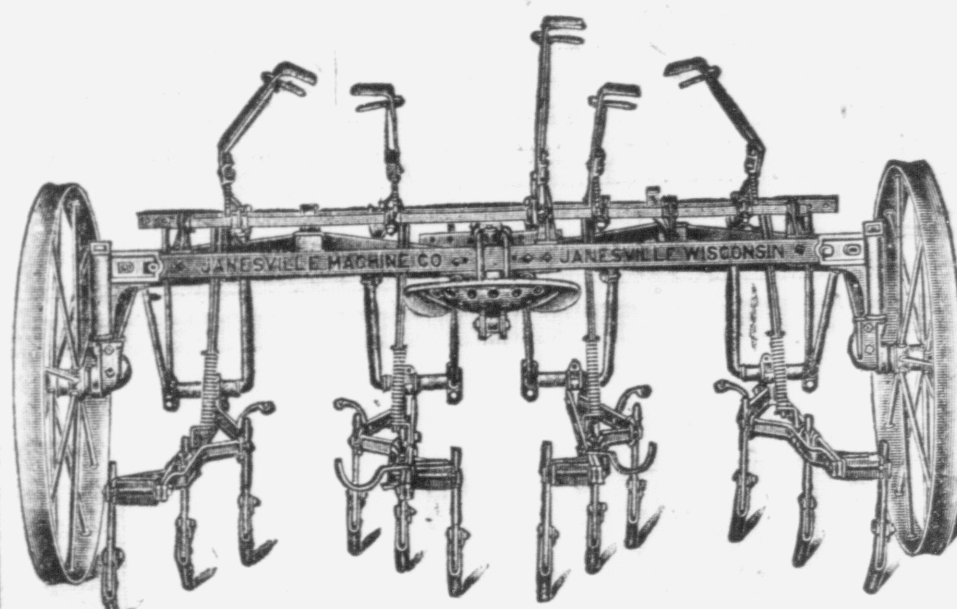

(By United Press.)

Washington, May 19.—President Wilson's message to the forthcoming congress has been received at the white house. It is approximately 4,500 words long, Secretary Tumulty announced.

He refused to disclose any of the President's recommendations on the domestic regulations. It is likely the message will be read to congress Tuesday, as today was to be occupied with organization work in both house and senate.

## Janesville Two-Row Cultivator

WHEN you sit comfortably on the easy riding Janesville Two-Row, and see every plant in every row getting *exactly the cultivation you want it to have*, you think what a blessing it is that you have a machine to do all *that* work. The old timers would think so if they could see you getting over the field so rapidly, and doing the work better than they ever did.

The Janesville Floating Arches solve the problem. They are hung by pendulums from the top bar and swing from side to side with a pendulum movement. You widen or narrow the gangs in the row with your feet. Or lock them at any width desired.

The shovels naturally follow the rows, but you can shift them to either side so quickly and so easily that you can hoe every hill without stopping the team.

Your own weight on the seat bars acts as a lever to turn the wheels slightly up hill—this big advantage takes the down-hill creep out of side-hill plowing. The entire machine is light, compact, flexible—no oiling needed except in wheel boxes.

Cultivate with a Janesville Two-Row—and you will forget that there ever was hard work in cultivation.

## Our Interest Doesn't Cease When the Goods Leave Our Store

We are just as much interested as you are in good work by the implements that you buy from us.

When you come into our store to buy an implement, you are mainly interested in getting a good bargain. And we are mainly interested in giving you a good bargain.

As we see it, there isn't a particle of difference between a good bargain for you and a good sale for us. They mean exactly the same thing.

If the implement you buy gives you full satisfaction in actual work, you have made a good bargain and we have made a good sale. No matter what you buy of us, we are concerned in its giving satisfaction.

We live here among you. We do business over and over with the same people. We know that we can't make future sales by selling unreliable goods, but that the extent of our patronage depends upon the satisfaction given by each and all of the implements we sell.

To help us carry out this policy of ours, we handle only high-grade implements and machinery that have a reputation for satisfactory service in the hands of the farmer.

Our interest follows these implements and machines into the field and, if for any reason they fail to work properly, we take steps to find and remedy the trouble.

Our business is founded on confidence—and service. Make our store your headquarters when in town.

one sister Martha E. Todd of Indianapolis—also many grandchildren, and a host of friends to mourn his departure.

He had made peace with his Saviour, and was ready and willing to go.

In his younger days he was a class leader and church worker. One of his favorite songs was, "When the Roll is Called up Yonder."

He lived a long and useful life and has finished his earthly career, and we consign his body to the tomb, and his spirit, is in the care of our Heavenly Father, who careth for his earthly children.

Through all the ages of Eternity, Life is but a short span between two eternities.

We bid you farewell for the last time. Your Friend  
J. H. Dearmond.

Bessie Nelson Bell, only daughter of Alphonso and Fannie Nelson, was born October 4th, 1891, in Scott County, Kentucky, and departed this life on Monday evening, May 12, 1919 at the home of Mr. and Mrs. J. D. Case in Rushville, Indiana aged 27 years, 7 months and 8 days. She was united in marriage to James Minor Bell November 23, 1907 and to this union was born one daughter, Janelle Ellender, on August 22, 1916.

Her surviving relatives besides her husband and daughter are father and mother and one brother, Lloyd Nelson. She was preceeded in death by her brother Eugene on March 1st, 1918.

Uniting with the Christian church at Plum Creek at the age of fourteen she became in deed and thought a part of the life of her church. She was an active member of the Sunday school and often served as choister of the church and Sunday school. The C. W. B. M. organized the Young Ladies Mission Circle. From these organizations she will be sadly missed by the many friends she has made. Bessie was a firm believer in God's word. This word was the sure foundation of her faith and trust. In her last illness, which dates from December 26, 1918 a systematic study of the New Testament has been her chief delight. To all those who have so kindly ministered to her during these last weeks, it has been a spiritual blessing to hear her talk of her personal knowledge of Christ and her loyalty to His will.

A devoted daughter, and affectionate sister, a loving wife and mother, a tried friend, she has left in these hearts of ours, endearing memories that will never die.

"There is no death! The stars go down  
To shine upon some fairer shore,  
And bright in heaven's jewel crown  
They shine forever more.  
There is no death! The leaves may fall  
And flowers may fade and pass away;  
They only wait through wintry hours  
The coming of the May."

Hiram Shelton Bell was born April 11th 1842 in Scott County, Ky. He departed this life April 16th 1919, age 77 years and 5 days, being the last of a family of 9 children. On his 29th birthday he was united in marriage to Miss Sallie Trout of Ky. To this union were born two daughters and one son, the son, Quincy dying in infancy. His wife was taken by death Feb. 2, 1877. On July 10th 1882 he was united in marriage to Miss Mary Elizabeth Sames of Ky. To this union were born two sons and one daughter. He is survived by the widow, three daughters, Mrs. Martha Grindle, Mrs. J. D. Case, and Mrs. Elmo Hires; one son, Minor Bell, and three grandchildren, Deryl Case, Cedric Hires and Janelle Bell. The other son, Lewis died March 28th, 1915.

Mr. Bell united with the Christian Church when a young man. He was instrumental in establishing two Christian Churches in Ky. In 1882 he with his family, moved to Union Township, Indiana, where he lived the remainder of his life. When he moved to this state he placed his membership with the Plum Creek Christian Church, where he was loyal and consistent member until the time of his death.

He loved his home and family with a marked devotion; likewise, his God and country. He was a diligent Bible student, and during his four years of affliction his knowledge of God's words and promises was a source of great comfort to him.

He fell asleep with a full confidence in Jesus' words: "I am the Resurrection of Life He that believeth in Me, though he were dead, yet shall he live again".

WANT ADS BRING RESULTS

MORE RED BLOOD AND STEADIER NERVES FOR RUN DOWN PEOPLE

The World Demands, Strong, Vigorous, Keen-Minded, Men and Women

It has been said of Americans that they work their habits overtime.

Many become nervous and inefficient by overwork.

By worry, despondency, social affairs, robbing brain and body of needed rest; excessive use of tobacco, indulgence in strong alcoholic drink—excesses of every kind that burn up the vital powers so necessary in these trying times to make both men and women fit to be of help to themselves and others.

It is time to be temperate in all things. The man or woman with impaired nerves caused by impoverished blood lacks vigor, the ambition, the endurance and the keen mind of those who avoid excesses.

Timidness, despondency, fear, trembling hands, want of confidence and even cowardliness, are due in a large measure to abused nerves.

People with plenty of red blood corpuscles and strong, healthy nerves have no desire to shirk work and lean on others for guidance and support.

There is hardly a nerve-shattered man or woman (unless of an organic disease) in America today who cannot become alert and clear in mind; vigorous and energetic in body in a very few weeks and at trifling cost.

To become strong and ambitious, to feel that work is not drudgery; to have steady nerves, abundance of red blood and power of endurance; to be not only a man but as men now go, a superman, you must take seven tablets of Bio-feren every day for seven days—and take them faithfully.

Take two after each meal and one at bedtime and after seven days take one only after meal until the supply is exhausted.

Then if you feel that any claim made in this special notice is untrue—if your nerves are not twice as steady as before; if you do not feel ambitious, more vigorous and keen-minded, the pharmacist who dispensed the tablets to you will gladly hand you back just what you paid for them.

Bio-feren is without doubt the grandest remedy for nervous, rundown, weak, anaemic men and women ever offered direct through druggists and is not at all expensive. All druggists in this city and vicinity have a supply on hand—sell many packages.

## CONGRESS FACES GIGANTIC TASKS

Problems Before 66th Session  
Threaten to Match the Tremendous Duties of War

**WANT WAR MEASURES REPEAL**

Senate Must Also Consider And Act on the Peace Treaty and League Covenant

By L. C. MARTIN  
(U. P. Staff Correspondent.)

Washington, May 19.—Tasks faced by the 66th congress, meeting today in extraordinary session, threaten to match the tremendous duties the war congress faced. The war congress, in the case of most war measures, had a definite thing to do, and took the shortest cut to the goal.

The incoming congress, however, has problems of peace to solve as momentous as those of war, but without the urge of making every day count for victory, or the patriotic incentive to unity which the war furnished.

Here are the chief tasks before the new congress:

Adoption of an army and a navy program on a peace basis, and appropriation of the money necessary to carry them into effect.

Solution of the railroad puzzle by legislating for the future control of the lines.

Settlement of the amounts to be paid the telephone and telegraph companies for the use of their lines by the government during the emergency.

Decision as to the future of the merchant marine.

Legislation to aid business in getting back from a war to a peace basis.

Legislation to enforce national prohibition.

Legislation demanded by labor.

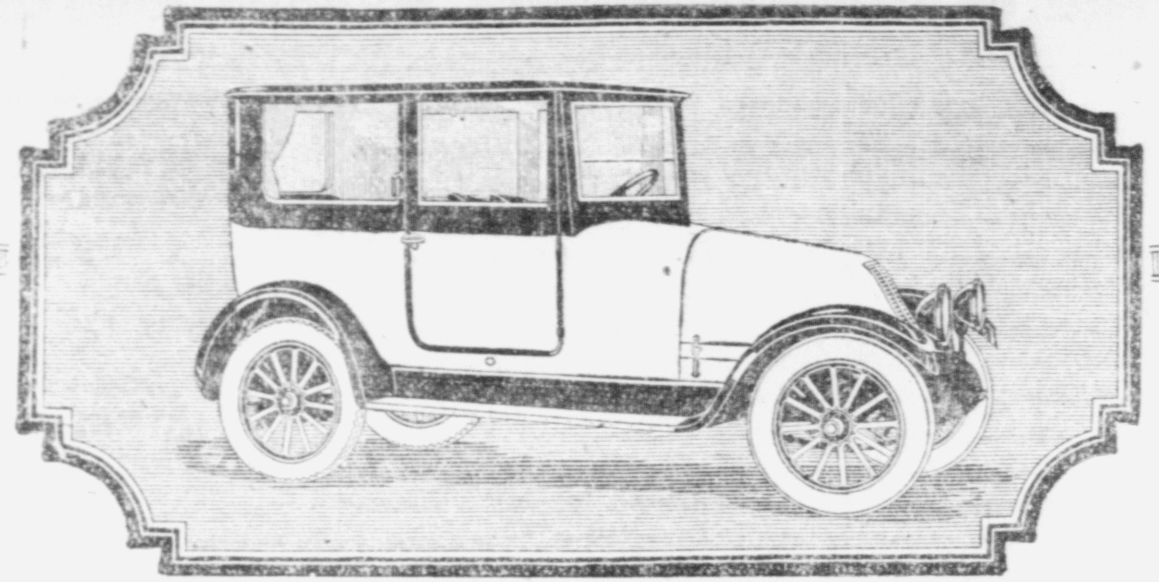

Legislation to curb bolshevism.

This list includes only those things which congress cannot escape considering. It does not include passage of many appropriation bills, which promises to be fruitful of much wrangling on the question of economy nor does it include self imposed tasks of which there are many.

Among the latter are revision of the internal revenue and tariff laws; revision of the court martial system; creation of a budget system (which, however, may be made an administration measure and take its place in the category of inevitable tasks); investigation of government officials and agencies blamed by republicans for war blunders; efforts to amend the constitution or pass laws to prevent, in future, the granting of broad blanket powers to the executive department, either in peace or war time.

In addition there will be efforts to repeal practically all war measures passed by the last congress, and, according to indications, an unusual number of "freak" reconstruction and readjustment schemes financial, social and economic.

Add to this the fact that the senate must consider and act on the peace treaty and league of nations covenant, and the further fact that intense political rivalry will be in evidence in both houses from start to finish, and it will be evident why

## TWO-BED HOSPITAL TO BE OPENED HERE

Green Office Building is Being Remodeled and Operating Room and Beds Will be Put Upstairs.

### CHANGES ON LOWER FLOOR

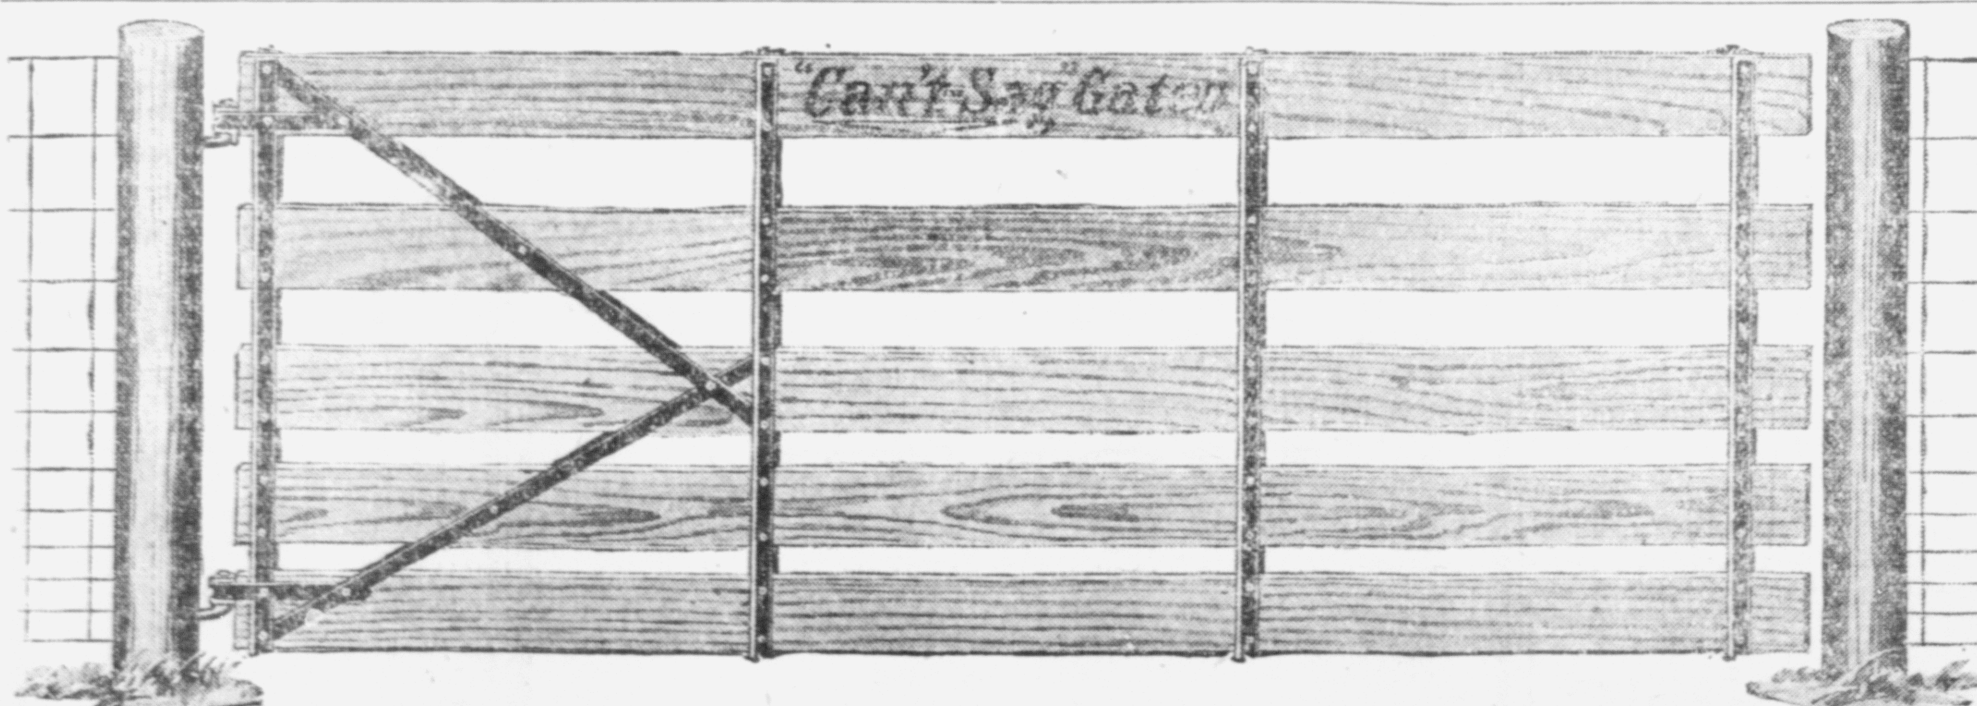

Drs. Frank H. Green, physician, and Charles S. Green, dentist, are remodeling their office building in East Second street and will open a two-bed hospital, with an operating room, on the second floor.

The entire arrangement of the lower floor is being changed. The small vestibule at the entrance, from which led doors to each of the offices, is being removed and one door

will open on a large waiting room across the front of the office, which will be used by both doctors. A hall will open off it, leading to separate private offices in the rear. On the west side of the hall there will be a drug room and on the east side a dressing room.

The stairway which now opens on the street, will be moved north six feet and a door cut into the hall from the main office. The two hospital bedrooms and operating room will be established in the front part of the upstairs. Dr. F. H. Green decided to open the hospital because he can scarcely ever get any of his tonsillitis patients and other patients into Sexton's hospital, and for the additional reason that Sexton's hospital closes two months each summer.

The Milroy high school class play "At the End of the Rainbow," was well attended at the second appearance Saturday night and the total door receipts for the play were \$235.05, most of which it is said will be clear money for the school.

NC. 4 Will Proceed to Ponta Delgada For Flight to Lisbon When Weather Permits

NC. 3 SIGHTED AT 12:10 P. M.

Message to Navy Department Says Commander Towers' Plane Proceeds Under Own Power

NO WORD FROM AUSTRALIAN

British Air Ministry Does Not Know Whereabouts of Aviator Hawker, Who Jumped Off Sunday

(By United Press.)  
London, May 19.—Late this afternoon the British air ministry had received no word as to the whereabouts of the Australian aviator, Hawker who jumped off from Newfoundland in a Sopwith airplane, Sunday.

Washington, May 19.—The trans-Atlantic flyer, NC 4 will continue her history-making trip to Europe, the navy department advises indicated today.

She will proceed to Ponta Delgada as soon as weather permits, preparatory for her flight to Lisbon.

The missing American seaplane, NC 3, was sighted at 12:10 p. m., Washington time, the navy department advised today.

The NC 3 was proceeding under her own power.

The cable did not state whether the missing sea plane was in the air or on the water.

Commander Tower's plane was seven miles from Ponta Delgada when last sighted, it was reported.

The message received by the navy department is as follows: "Navy Curtiss 3 was sighted at 12:10 p. m. Washington time, seven miles from Ponta Delgada under own power."

The NC 4 had been ordered to join in the search for Commander Towers and the lost NC 3, the navy department was officially advised earlier in the day.

All destroyers available east of Ponta Delgada also have been ordered to join in the organized search.

One British Plane Wrecked

St. John, Newfoundland, May 19. The Martinsyde plane which crashed in an effort to get away on the trans-Atlantic flight on the heels of the Sopwith yesterday, is a complete wreck. Examination of the damage today showed that the machine is out of the running for the trans-Atlantic prize.

The two men handling the machine were slightly injured.

Harry Hawker, the Australian aviator, shot away in an effort to make the trans-Atlantic flight, at 1:51 p. m. Sunday. For six weeks Hawker and his navigator, Commander Grieve, had been waiting for favorable weather. The condition yesterday was no better than during the past six weeks but Hawker was determined to start and made an eleven hour dash to beat the American seaplane.

RUN DOWN BY MACHINE

The small son of Walter Brown of Milroy was slightly injured Sunday afternoon when he was run down by a machine in Milroy, which was driven by a stranger. The machine was running very slowly, it is said, and the child started across the street and was knocked down but the machine was stopped before he was injured seriously.

## ARMY DRIVE GETS UNDERWAY TODAY

With Elks at the Helm, it is Planned to Raise County's Share of \$3,000 in Short Order

DOUGHNUT DAY WEDNESDAY

Senator James E. Watson Enumerates Feats of Salvation Army in Philadelphia Address

Bake

Here's The Recipe,  
Now Lend a Hand

Local women who have experimented with the following Salvation Army doughnut recipe say it will make five dozen doughnuts

5 cups flour;

2 cups sugar

3 teaspoonfuls baking powder

1 salt spoonful salt

2 eggs

1 1/2 cups milk

1 tablespoonful lard

Bake

The Salvation Army drive for \$3,000 was under way in Rush county today with Elks lodge No. 1307 of this city at the helm.

The plans were to finish the campaign in short order and raise Rush county's share of the thirteen million dollar Home Service fund, \$3,000, within a few days.

The only extraordinary feature of the drive will be the observance of Doughnut Day here Wednesday. Tri Kappas are in charge of the arrangements, and reports today were that they were meeting with a ready response from the women of Rush county who were appealed to, to

The Salvation Army doesn't care whether a man or woman is a Methodist, a Presbyterian, a Baptist, a Seventh-Day Adventist, a Catholic, a Buddhist, a Shintoist, a Shaker, a Muzdalite, a Zionist or what not. It does not look for religious labels.

The Salvation Army doesn't differentiate a Republican from a Democrat, a Socialist from a Single-Taxer, a Prohibitionist from a Personal Libertyite, a Labor Unionist from a Seab.

The Salvation pays no heed to pedigree, to races, to color of skin or to wearing apparel.

The Salvation Army doesn't demand references, nor inquire into bank deposits, nor ask why a man or woman left the last job.

The Salvation Army cares naught what a person has been, but is interested solely in what that person may become.

The Salvation Army tries, but to help people who need help.

## 66TH CONGRESS FORMALLY OPENS

First Republican Congress in Eight Years Gets Under Way Promptly at 12 Noon Today.

PRELIMINARY ORGANIZATION

Frederick Gillett is Elected Speaker of House—Charges Against the Administration.

(By United Press.)  
Washington, May 19.—The 66th congress opened today. Promptly at twelve noon, Vice-president Marshall in the senate and South Trimble, clerk of the house, let fall their respective gavels and the first republican congress in eight years got under way.

Prayers were uttered in both branches at the start for the success of its work and health and welfare of its members.

After completing its organization, the senate adjourned until tomorrow.

Not even in war times has a congress held such possibilities. Summoned to convene by cable from President Wilson in France, the atmosphere of strong partisanship prevailed in both branches at the start.

Charges against the administration for alleged pittings of policies against offenses in departments and a republican statement on the league of nations were among the developments as congress met today.

Measures designed to remove the war risk insurance bureau outside of politics and to give it authority to meet constantly are the demands in preparation, Representative Button, Illinois, announced.

This was designed as an answer to Secretary Glass' action yesterday in releasing Col. Lindsley as director of the bureau. The peace treaty, suffrage, prohibition, merchant marine, wire and railway control, were the paramount issues.

Representative Sabbath, Illinois, had a resolution calling for repeal of the war time prohibition law which promises an early fight on this issue.

Senator Cummins was elected president protem by acclamation.

In the house election of a speaker followed the roll call. Representative Towner, Iowa, nominated Frederick Gillett, which brought a large demonstration by republicans,

## "Drops in" to Pay Uncle in This County a Visit

Lieut. Joe Bishop of Speedway Aviation Field Swoops Down into Field on Sam Kennedy's Farm North of Arlington Sunday, Much to Surprise of His Relatives Who Were Not Expecting Him

CROWD OF 500 SEES PLANE

Lieutenant Joe Bishop of the Speedway aviation field near Indianapolis "dropped in" on his uncle, Sam Kennedy, living three miles north of Arlington, Sunday, and enjoyed a good, old-fashioned dinner. There was nothing unusual about Lieut. Bishop's visit because it contained the element of surprise, but the fact that he came by the air route was unusual.

Mr. and Mrs. Kennedy were amazed when they saw an airship circling about over a field near the house, then suddenly swoop down gracefully out of the air like a giant buzzard and come to a stop. A man whose figure looked strangely familiar, jumped out and started towards the house.

Mr. and Mrs. Kennedy were com-

Fourteen Other Members of German Peace Delegation Also Return From Berlin Today

CREDENTIALS ARE EXCHANGED

Meeting Between Allied and Austrian Peace Delegates at St. Germaine is Very Brief

(By United Press.)  
St. Germaine, May 19.—Allied and Austrian peace delegates exchanged credentials in the Pavillon Henry VI here this afternoon.

The ceremonies lasted only two minutes, Jules Cambon presiding in behalf of the allies and Chancellor Renner acting for the Austrians.

Versailles, May 19.—Foreign Minister Brockdorff returned here from Spa today. At the same time Herr Giesberts and fourteen other members of the peace delegation returned from Berlin.

Reports Sunday had intimated strongly that the count would not return. It was said that the views of the chief of the German delegation and the representatives sent from Berlin to consult with him differed so widely as to the further conduct of the negotiations that Count von Brockdorff-Rantzau wished to be replaced at Versailles.

The latest German note, dealing with the status of German religious missions, and further details of the Bulgarian and Turkish negotiations, were before the council of four. Arrangements previously had been made for the ceremony of verifying the credentials of the Austrian delegation. The Austrian treaty probably will not be ready for presentation before the last of the week.

## IS PARTIALLY DESTROYED

Charles Kile's House at Neff's Corner Damaged by Fire Sunday

The Charles Kile home at Neff's Corner was completely destroyed by fire about 2:30 o'clock yesterday afternoon, with the exception of two rooms which were built to the house recently. The loss is estimated at nearly \$3,000. Mr. Kile carried only \$600 insurance. Most of the household goods were saved by neighbors. A defective flue is said to have been the cause of the fire.

## FORCED TO MOVE FOR THIRD TIME

Mr. and Mrs. Charles Glover Again Driven Out of Their Home by Fire This Morning

THIRD TIME IN 20 MONTHS

Mrs. Glover Not Aware House Was on Fire Until She Heard Alarm—Sparks are Blamed.

Charles Glover an employe of the Indianapolis and Cincinnati Traction company, was forced to move for the third time during the last twenty months as the result of fire when the house in which he was living, at 715 North Arthur street, belonging to William P. King, residing west of this city was seriously damaged by fire shortly after nine o'clock this morning.

The fire started on the north part of the roof, some distance from the chimney and as Mrs. Glover had started a fire in the grate a short time before, it is thought that sparks from the grate were the cause of the fire.

Mrs. Glover stated this morning that she was busy washing and was not aware that the house was burning until after she had heard the fire alarm sound and upon going into the yard saw that the roof was all ablaze. Most of the household goods were removed from the house and they were not damaged. Mr. King also stated that the loss to the house was entirely covered by insurance. The roof was entirely destroyed and the damage to the house by water was thought to be greater than that of the fire.

## RECRUITING PARTY IS HERE

Five Overseas Men Who Were All Wounded in The Outfit

Fifteen army men from Fort Harrison, forming a recruiting party headed by Lieut. E. J. Dunn, with a full field outfit, arrived here today in two big five-ton army trucks and will be stationed at the old ball grounds in South Main street for a few days recruiting men for all branches of the army service. They carry a kitchen outfit and will live at recruiting headquarters. Numbered among the outfit were five overseas men who were all the way from Chateau Thierry to Argonne woods, and all of whom were wounded one or more times.

ARLINGTON SOX WIN

The Arlington Red Sox base ball team defeated the Dennisons, a colored team of Indianapolis Sunday afternoon at Arlington with the score of 4 to 1. Northam, the winner's left fielder, was in the game all the time and aided a great deal in winning the game. Long Arlington's third baseman, pulled out three home runs which was the best batting of the game. Tompkins of Rushville pitched the last inning for Arlington.

## ENUMERATION IN COUNTY GAINS 11

Reports From All Townships Disclose 4,550 Persons of School Age, 3,624 Attend School

LOSS OF 24 IN RUSHVILLE

Of Those Enumerated and Not Attending Schools, 797 Are Employed and 39 Not Employed

The enumeration in the city schools continued to show a loss this year while a gain of 11 pupils was made in the county. The Rushville school population fell off last year 39 and again this year 24, being the first time in the history of the schools of this county that they made a decrease for two years in succession. The total number of persons of school age in the county is 4,550 with a slight loss in comparison to that two years ago. The total number of those employed was 797 in comparison to 39 that were unemployed. The Rushville city school population numbered 1,229 with a loss of 24 in comparison to that of last year.

The total enumeration in the county is divided as follows: 2,290 white males, 2,181 white females, 74 colored males and 55 colored females. Of this number 1,767 males and 1,848 females are attending school, making the total school attendance in the county, 3,624. Of the 934 persons of school age not attending school, 897 are employed and 39 are not employed. Total school attendance in Rushville city, the report shows, is 1,045.

The enumeration is taken for the purpose of apportioning the school fund of the state among the counties.

The enumeration by townships is as follows:

Orange

White males 135, females 118, totaling 253, with a loss of 13 since last year; 114 males and 110 females regular school attendants.

Posey

White males 172, females 132, making 305 enumerated, with a decrease of 42 over last year; 134 of the males and 118 of the females are in school.

Richland

White males 95, females 77, colored males, 4, females 1, showing a total of 177 with a loss of 14; with 77 males and 58 females in school.

Ripley

White males 134, females 113, colored males 3, females 1, making the total of 251, showing an increase of 10 over last year; 106 of

## INDIANA SOLDIERS TO AID S. A. DRIVE

Col. Solon J. Carter, 42d F. A.,  
of 14th Division, Directs  
State Campaign.

Home People Ready to Back Up Sal-  
vation Army Workers in Gratitude  
for Services to Boys in  
the Trenches.

Indianapolis, May 15.—Indiana is rapidly getting set for the Salvation Army National Home Service Fund Campaign May 19 to 26. Col. Solon J. Carter, Indiana State Chairman, has already confirmed the appointment of directors of the drive in a majority of counties in the state and in others organization is in process.

Col. Carter is the youngest officer of that rank in the American Army, according to the best information obtainable here. His promotion came in July, 1918, when he was twenty-nine years old. Col. Carter was Major of the 150th Field Artillery when that unit left Indianapolis in September, 1917. April 28th, 1918, he was advanced to Lieutenant-Colonel of the Regiment. Following his appointment as Colonel he was transferred to the 42nd Field Artillery of the 14th Division, located at Camp Custer, and he had prepared that unit for overseas service when the Armistice was signed.

Col. Carter was decorated with the Croix de Guerre and palm for his gallant conduct on the Champagne front in the attack July 15th, when he commanded an artillery detachment which included six French batteries stationed in front of the town of Suippes. For seventy-six hours the fiercest possible fighting was endured.

Col. Carter has been prominent in welding together the Indiana organization of World War Veterans and the National Organization of Soldiers, Sailors and Marines, which recently convened in St. Louis. He has accepted the State Chairmanship in the Salvation drive because he has known personally the service which Salvation Army workers gave to the country's fighting men on the battlefield where they shared with the men in khaki all of the dangers.

Practically all of the counties in the state are organized for the campaign, and chairmen and other executives have been named. Each county is organized as a working unit and

will conduct its own drive, under the direction of the local committee. Organization meetings are now being held in all parts of the state and reports indicate unusual interest. It is stated by county chairmen that no difficulty is anticipated in raising the quotas asked for. The interest that is being taken by the soldiers is proving a determining factor in the campaign, and the home people are ready to back up their boys—who went to the front—by assisting the Salvation Army workers who meant so much to the men while they were in the trenches. Thousands of letters from Indiana soldiers came back from "over there" that told of their gratitude to the Salvation Army, and of their deep obligation and now that the opportunity has come to express appreciation in substantial form, the parents and friends of these boys are ready to do their part.

President Wilson cabinet a personal endorsement to Commander Miss E. Booth.

The campaign is attracting widespread attention from returned service men, and hundreds are volunteering their aid to assist in putting over the drive. In fact, one of the remarkable features is the general interest manifested by prominent individuals of all faiths and walks in life, as well as organized bodies. Among the latter are the various lodges of Elks throughout the state, all of which are co-operating. Cardinal Gibbons is among the high churchmen who have endorsed the movement.

There are forty corps and outposts of the Salvation Army in Indiana. Heretofore the money has been raised by small collections made by individual members of the army, but no longer will the Salvation Army girls go about with their tambourines collecting pennies. This method has been a bugbear to members and public alike. The new way will permit the workers, who have devoted more than their time to collections, to give all their time in the future to the work for which they have been trained.

A war worker, who served in the hospitals in France throughout the war, said:

"Too much praise cannot be given the Salvation Army workers for their faithful, devoted service. They went right up to the trenches and many a soldier has told me that when the service men in the trenches became desperate they always found a Salvation Army worker at hand to help them bear their sufferings and cheer them up. Many a soldier who has been in the trenches without relief was sought out by a Salvation Army man or woman and given a cup of hot coffee and food at the very moment that it seemed as if nature could bear no more. That's why all the soldiers love the Army and why they are solidly behind the drive."

## DAIRY

### TIME TO IMPROVE PASTURES

Clean Up by Cutting Off Brush, Briars and Weeds—Receding Bare Spots is Favored.

(Prepared by the United States Department of Agriculture.)

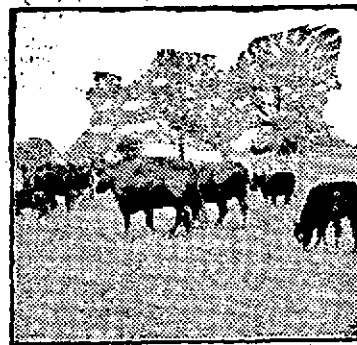

Spring is the desirable time of year for the improvement of pastures. Large areas of permanent pasture would respond to proper methods of improvement which might include the following:

Keep the pastures clean by cutting off brush, briars and weeds. Large stumps, stones and dead trees should also be removed.

Those areas used for pasture that would permit harrowing and disking at the time of reseeded, applying lime, fertilizers and manure, etc., may be greatly benefited. In some sections terracing may be practiced with satisfactory results.

The application of lime, acid phosphate and manure can always be relied upon in most sections as a means of adding the necessary increased fertility.

Receding, particularly in bare spots, is to be recommended. White and Japan clover, bermuda, berds grass, carpet grass and blue grass in favored sections are commonly used. As a rule receded pastures should be lightly grazed the first year. At all times it is advisable to keep the cattle off the grass in the spring until well

Work Done in the Spring to Improve Pastures Will Insure Greater Supply of Feed Later.

started. Closer grazing during the rest of the season may be practiced where this has been done. It is also advisable to turn cattle off the pasture earlier in the fall than is commonly practiced.

### DAIRY COW IS ECONOMICAL

Utilizes Coarse Materials, Inedible to Humans, and Turns Them into Food Material.

Two facts stand out prominently as reasons for the increased production and use of milk. The first is that milk as purchased on the market usually supplies food material together with the growth-producing elements more economically than either meat or eggs. The second reason is that the dairy cow is the most economical producer of animal food. One great law of food conservation is to turn inedible feeds into edible foods in the cheapest possible manner. The dairy cow will utilize coarse materials, inedible to humans—such as grass, cornstalks and hay—and will turn them into milk. Other farm animals also are converters of coarse roughage into edible foods, but are not so efficient as the dairy cow.

### GOOD FOR SCOURS IN CALF

Mixture of Formaldehyde and Water Is Recommended—Cut Down the Amount of Milk Fed.

This is good for scours in calves: One ounce of formaldehyde (use 40 per cent formaldehyde), 16 ounces of water, mix, give one teaspoonful for each pound of milk fed to calf, stir in the milk. Cut down on the amount of milk being fed. This for two feeds is generally enough. Follow with two-ounce dose of castor oil if constipated.

### FEED GRAIN TO YOUNG CALF

When Changed From Whole to Skimmed Milk Little Grain Should Be Put in Youngster's Mouth.

When the calf is changed from whole milk to skim milk, it will begin to eat grain. Place a little grain in its mouth after each feeding of milk. It will soon learn to eat the grain without assistance. The grain should not be fed with the milk. The calf should be allowed to masticate the grain.

### TO PREVENT DISEASE GERMS

Healthy, Tuberculin-Tested Cows Are First Essentials—Pure Water Is Important.

To prevent the entrance of disease germs into milk, healthy, tuberculin-tested cows, free from any udder inflammation or garget, are the first essentials. Healthy men, and pure water from a protected well or spring, are of second importance. Clean utensils, covered pails and clean cows come next.

### DEFECTS IN BUTTER MAKING

Cooling Too Quickly or Working at Too Low Temperature Makes Butter Brittle.

Butter that possesses a perfect texture has a flinty appearance. If the grain is destroyed it is usually the result of overworking or of too high temperatures. Such butter has a weak, greasy body. Cooling too quickly or working at too low temperatures, makes butter brittle and crumbly. If milky brine is present, it shows the lack of thorough washing. Lanky butter results from lack of thorough incorporation of wash water through washing in a fine granular form with cold water, then working insufficiently. A dry body is due to excessive churning or high churning temperature.

### Control Texture of Butter.

The grain or texture of the butter is affected and controlled largely by the treatment which the butter receives during the washing and working processes.

## How Much Is a Haircut Worth?

Floyd Says That 25 Cents is Enough  
And That 15 Cents is Enough  
For a Shave.

There is at least one man in Rushville who does not believe in high prices, and that man is Richard Floyd, the barber, whose shop is in Walker's Pool Room, on East Second street, opposite the Court House. He says a quarter is enough for a first-class haircut and that 15 cents is enough for a first-class shave. He is right about this. All that is necessary to do a profitable business at these prices is to keep busy, for the prices themselves will bring customers in. It is the barber who is idle half the time who is obliged to charge his customers more.

Mr. Floyd now has three chairs in his shop and can take care of a lot of customers every day. He has a perfect checking system that does away with long, provoking waiting. Each customer is given a numbered check as he enters, and can then go where he pleases until his turn comes to be waited upon. He can watch the pool players or go anywhere else. Also reservations can be secured by telephone, and a place held for you. All that is required of the customer is to be present when his turn comes.

Mr. Floyd has put in a new copper sterilizer, the only one of the kind in town so that all hot towels used in his place are thoroughly germ-proof and absolutely clean. His shop has been renovated and painted, and things generally fixed up so that it is a mighty nice place to come for a haircut or shave. Floyd has the late improvements in the way of electric clippers, vibrators, etc. Now, then, if you believe in fair prices, in cleanliness and in comfort, this is the barber you are looking for.

## America's Immortals

Most striking instances of gallantry for which the Distinguished Service Cross has been awarded

It was a difficult task to select from the thousands of acts of unusual bravery performed by American soldiers in France a few that stood out above all others. General Pershing's staff undertook the task, however, so that the most exceptional cases might be given the publicity they deserve. Below are the stories of the feats that won for some of the American fighters the coveted Distinguished Service Cross.

### HARRY GROVER O'CONNOR, Sergeant, Headquarters Detachment, Personnel Office, 78th Division.

Sergeant O'Connor was decorated for conspicuous bravery in action near St. Julien, France, October 15, 1918. Sergeant O'Connor volunteered and went from his division headquarters to one of the regiments in line to obtain much needed information and to arrange for liaison. He covered the distance of six kilometers through shell fire three times before the unit was found; and, while returning with the information, was seriously wounded by a shell which mortally wounded two companions. He gave water and first aid to the two men and dragged himself down the road until he met a soldier whom he sent for an ambulance. After reaching the hospital and having his wounds dressed, he left the hospital without the knowledge of the attendants and delivered the information to his division headquarters in person.

### RICHARD H. HILTON, Sergeant, Company M, 118th Infantry.

Sergeant Hilton was decorated for conspicuous gallantry at Brancourt, France, October 11, 1918. While Sergeant Hilton's company was advancing through the village of Brancourt, it was held up by intense enfilading fire from a machine gun. Discovering that the fire came from a machine gun nest in a shell hole at the edge of the town, Sergeant Hilton, accompanied by a few other soldiers, but well in advance of them, pressed on toward this position, firing with his rifle until his ammunition was exhausted, and then with his pistol, killing six of the enemy and capturing ten. In the course of this daring exploit, Sergeant Hilton received a wound from a bursting shell which resulted in the loss of his arm. Sergeant Hilton's home is at Westville, S. C.

### WILBUR E. COLVER, Sergeant, Company A, 1st U. S. Engineers.

near Verdun, France, October 9, 1918. Sergeant Colver was awarded the Distinguished Service Cross. Volunteering, with two other soldiers, to locate machine gun nests, Sergeant Colver advanced on the hostile positions to a point where he was half surrounded by the nests, which were in ambush. He killed the gunner of one gun with a captured German grenade and then turned this gun on the other nests, silencing all of them before he returned to his platoon. He was later killed in action. Sergeant Colver lived with his father, William H. Colver, at 202 Helen avenue, South Ozone, L. I. N. Y.

### BERGER LEMAN, Private, Company H, 132nd Infantry.

Private Lemman was decorated for conspicuous gallantry in action near Consenvoye, France, October 9, 1918. When his company reached a point within 100 yards of its objective, to which it was advancing under terrific machine gun fire, Private Lemman voluntarily and unaided, made his way forward, after all others had taken shelter from the direct fire of an enemy machine gun. He crawled to a flank position of the gun and after killing or capturing the entire crew, turned the machine gun on the re-

treating enemy. His mother, Mrs. Anna Lemman, lives in Chicago.

### SIDNEY HOLZEMAN, Private, Machine Gun Co., 132nd Infantry.

Private Holzeman was decorated for extraordinary heroism in action in the Bois de Foret, France, October 10, 1918. After six runners had been killed or wounded in attempts to get through heavy shell fire with an important message from the regimental commander of the 39th infantry to the regimental commander of the 50th infantry, Private Holzeman, with Private James J. Snyder, responded to a call for volunteers, and succeeded in delivering the message.

### LLOYD M. SEIBERT, Sergeant, Company F, 364th Infantry.

Sergeant Seibert was awarded the Distinguished Service Cross for conspicuous gallantry in action near Epinoyville, France, September 20, 1918. Suffering from illness, Sergeant Seibert remained with his platoon and led his men with the highest courage and leadership under heavy shell and machine gun fire.

## Doughnut Day

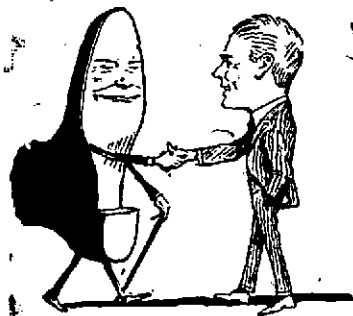

Don't forget—Wednesday, May 21, will be Doughnut Day.

That's the day on which "Doughnuts a la Pershing"—the Doughnuts that won the War—will be enlisted in a new fight against Human Suffering in which the weapons will be the thirteen million dollars of the Salvation Army Home Service Fund. "Dollars for Doughnuts"—that's the slogan of the day. It explains itself. Crisp, fresh fried doughnuts hot from the pan, the same, identical doughnuts that made the American soldier grin through the worst of the trenches offered—will be minted into golden coin right out in public. The local Tri Kappa sorority is in charge of arrangements for the day.

All day long on Doughnut Day, from the time the first milkman starts on his rounds until the last person leaves the streets, Salvation Army doughnuts are to be made, and sold, auctioned off, leased, rented, disposed of in any way you may think of—in many public places here.

The only trouble probably will be to furnish enough doughnuts to supply the demand. The Salvation Army doughnut is the best advertised commodity in the world. Everybody in America wants to taste one. It is altogether meet and fitting that the doughnut which was such a comfort to the boys in the trenches should be a means of letting the American people thank the Salvation Army for the service it gave in France.

So get busy on the DOUGHNUT DAY plan. Talk it up; work it up! Make it the biggest day in the campaign!

## Sap and Salt

By BERT NOSES.

Most of us do not dare to openly say what we honestly think.

Many a man who tries to be a gentleman succeeds only in being a "gent."

A big liar feels awful small when he comes across a liar bigger than he is.

Men may learn everything else in the world, and still be shy on common sense.

The organization that co-operates with the boss is the only organization that scores high.

To be well bred, you must learn to laugh at everybody's jokes, no matter how many times you have heard them before.

Hez Heck says: "Sometimes it is hard to say who's the worst—the prisoner at the bar or most of the jury trying the case."

## Poor Apologies.

The old saying that 'a poor workman complains of his tools' is illustrated by the effort of executive officials to excuse leniency with anarchists by alluding to "legislation in the last session of Congress which failed because of the filibuster." The remark is misleading in several respects. In the first place, if any legislation relative to enforcement of law against anarchists was defeated in the last session of Congress, it was not defeated by a filibuster. Congress met in December and was in session. As a matter of fact, the administration has been given all the power any administration could need to suppress lawlessness.

But the remark about defeat of legislation by a filibuster is coupled up with another remark which is a confession. We are informed that officials in high places who have been inclined to look upon bolshevism with tolerance are convinced that "the time for leniency and toleration is past." Ordinary citizens, among whom most of us may be numbered, have long believed that the time for leniency had passed.

The department of justice is the official interpreter of Federal laws. The law provides that officers of the government may send free of postage matter relating "exclusively" to "business" of the government. The department of Justice gives its O. K. to a personal letter defending the present system of courts-martial. How does such a letter relate "exclusively" to the "business" of the government?

## Dorothy Gish at Princess.

If you were a slavey in a London boarding house, and your job was to take orders from every one who had lodging there, and if one of the boarders ordered you to feed her pet mice, and you did, and one of them got out of the cage, and ran right at you—Well, now, just what would you do?

That is the situation that confronted Dorothy Gish when "Boots" her newest Paramount picture, which is being shown at the Princess theatre today, was being made at the Hollywood, Calif., studios. And to make matters much worse, Miss Gish knew that the horrible camera was being turned every second and that all the attempts she might make would be indelibly registered on the film.

That had not been arranged for in the story, and it wasn't quite fair. There were tables and chairs and other things in the room and Dorothy made good use of them. The mice, by the way, have a lot to do with the story, and when the scene was finished Miss Gish consented to go through a little more of the ordeal in order to have the whole thing in the picture. Miss Gish is splendidly supported in this photoplay.

## A Mother's Happiness Made Perfect

Of Utmost Importance That She Have Every Care.

The expectant mother's physical comfort should be our first thought, and all about her should see to it that her preparation for baby's coming be complete. There is a most splendid remedy to prepare women for the greatest time in their lives, known as Mother's Friend. It is applied to the muscles of the abdomen, gently rubbed in, and at once penetrates to relieve strain on nerves, cords and ligaments. It makes the muscles so pliant that they expand easily when baby arrives; the hours at the time are fewer, and pain and danger at the crisis is naturally avoided. Mother's Friend enables the mother to preserve her health and strength, and she remains a pretty mother by having avoided discomfort and suffering which more often than otherwise accompanies such an occasion when nature is unaided. Every nerve, muscle and tendon is thoroughly lubricated. Discomfort during the period is counteracted, and the skin, after the crisis, is left smooth and natural. Write to the Bradfield Regulator Company, Dept. B, Lamar Building, Atlanta, Georgia, for their Mother's Friend book, and obtain a bottle of Mother's Friend from the drug store today without fail.

## KNIGHTS OF COLUMBUS AT TWO INITIATIONS

Rushville Council is Represented  
Sunday at Greensburg and  
Richmond—Large Classes

### BANQUET AT LATTER PLACE

The Ninth initiation of Richmond Council Knights of Columbus attracted many visitors from eastern Indiana and western Ohio yesterday. More than one hundred candidates were initiated, the second degree being put on by the Dayton team and the third degree by Thos. J. Duffy and staff of Columbus, O.

Following the initiation, a banquet at which 600 Knights were guests of honor, was given on the floor of the Coliseum. This banquet was the most elaborate affair ever given in Richmond, the Rev. Walter J. Cronin, formerly pastor of St. Mary's church at this place, was toastmaster. The local knights who attended were Thos. Canley, Thos. Geraghty, Jr., Ed Kelly, Martin Kelly, John Geraghty, J. B. Madden, Bert Madden, Laurence Madden, John Crowley, George Geraghty, Joe Madden, Donald Meyer, Ed Tynner, Thos. Horr, Ed Bishop and Joe Keating. John McCoy, Charles Caron, Wm. Fitzgerald and Tom Cooming.

A large delegation of visitors from Rushville Council Knights of Columbus also journeyed to Greensburg yesterday to witness the initiation of a large class of candidates. The Shelbyville team gave the work in the second degree and Judge Deery and staff of Indianapolis put on the third degree. Among those who attended from here were James Mullins, Jas. J. Graghty, Mike Cleary, Ed Mullins, Jr., Jos. McCoy, Thos. McCoy, Thos. McCoy, Jr., Prof. Shideler, John Miller, Mark Purcell, Fred Gale, Henry Miller, Dan Hayes and Father Lyons. Father Lyons was one of the principal speakers at the banquet following the initiation.

## WATSON PICKED FOR AN IMPORTANT PLACE

Indiana Senator is Slated For Assignment to Influential Committee on Committees

### A NICE COMPLIMENT TO HIM

Washington, May 19.—Senator James E. Watson is slated to become a member of the committee on committees, which will make the assignment of Republican senators to the various committees.

Members of this important committee were to be announced today by Senator Lodge, Republican senate leader, at the opening session of the Sixty-sixth Congress. Other members of this committee of nine, in addition to the senior Indiana senator, are expected to be Senator Johnson of California, Senator Calder of New York, Senator Knox of Pennsylvania, Senator Curtis of Kansas, Senator Harding of Ohio, Senator Sterling of North Dakota and Senator Brandegee of Connecticut.

It was stated a few days ago that Senator Brandegee would be Lodge's choice for chairman of the committee, but it was not until today that intimation was given as to the other eight members of the committee. Senator Watson's selection will represent a nice compliment to him.

# Home-Home

So splendidly and truly did the bright minds of the past predict that the American home was the hope of its future.

In the light of the recent achievement of the product of that home we can but approach it with a new reverence.

It is impossible to use too much care in making and keeping that home actually attractive.

Let us assist you in the all important matter of Floor Coverings and Draperies. We know how. That is our business—and for that reason we use every available help that we find it possible to command.

bake the world famous Salvation Army doughnuts, a la Pershing, which kept many a doughboy from perishing on the field of battle.

With few exceptions every minister in Rush county yesterday called attention to the drive opening today and recommended the campaign higher and urged its support.

An army recruiting party of fifteen men, from Fort Harrison, came in today with two big motor trucks bedecked with flags and signs advertising the Salvation Army Home Service fund.

Dozens upon dozens of doughnuts will be offered for sale Wednesday at the George C. Wyatt and company furniture store and the O. P. C. H. The minimum price will be five cents each, but the lid will be off on the maximum price. Tri Kappas will visit the schools during the morning recess hours where the doughnuts will be sold to school children at the rate of two for five cents.

Senator James E. Watson of this city opened the Home Service campaign in Philadelphia last night, declaring that the Salvation Army has linked the words "doughboy" and "doughnut" and they will never be separated again.

Since the drive for the fund will start in practically every city in the United States, the senator said, he thought the people of the country ought to be informed on

### A STITCH IN TIME

Rushville People Should not Neglect Their Kidneys

No kidney ailment is unimportant. Don't overlook the slightest backache or urinary irregularity. Nature may be warning you of approaching dropsy, gravel or Bright's disease. Kidney disease is seldom fatal if treated in time, but neglect may pave the way. Don't neglect a lame or aching back another day. Don't ignore dizzy spells, headaches, weariness or depression. If you feel you need kidney help begin using the reliable, time-tried remedy, Doan's Kidney Pills. For 50 years, Doan's have been found effective. Endorsed by Rushville people.

Mrs. Joseph Doll, W. Third St., Rushville says: "At times my back was so weak and lame I had to stay in bed. It also ached intensely and my kidneys were very irregular in action. Every time I have been this way, I have used Doan's Kidney Pills, procured at the Court House Drug Store, and they have never failed to relieve me after taking a few boxes."

Price 60c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Doll had. Foster-Milburn Co., Mfgs., Buffalo, N. Y.—Adv.

# GENERAL PERSHING'S CABLE

## To Commander Evangeline Booth of the Salvation Army in the United States

I WISH to express to you my sincere appreciation and that of all members of the American Expeditionary Forces for the splendid services rendered by the Salvation Army to the American Army in France. You first submitted your plans to me in the summer of 1917, and before the end of that year you had a number of huts in operation in the training area of the First Division and a group of devoted men and women who laid the foundation for the affectionate regard in which the workers of your organization have always been held by the American soldiers. The outstanding features of the work of the Salvation Army have been its disposition to push its activities as far as possible to the front and the trained and experienced character of its workers, whose one thought was the well being of its soldiers they came to serve. While the maintenance of these standards has necessarily kept your work within narrow bounds as compared to some of the other welfare agencies, it has resulted in a degree of excellence and self-sacrifice in the work performed which has been second to none. It has endeared your organization and its individual men and women workers to all those divisions and other units to which they have been attached and has spread their good name to every part of the American Expeditionary Forces. Please accept message to each of your workers.

(Signed) JOHN J. PERSHING.

## SALVATION ARMY DRIVE IS STARTED

Nation Wide Campaign is Begun Today to Raise \$13,000,000 for Home Service Fund.

MAY 21 TO BE DOUGHNUT DAY.

Campaign Slogan—"A Man May be Down, But He's Never Out" Displayed Everywhere.

(By United Press.)

New York, May 19.—The great "V's" of the successful Victory loan are down throughout the United States today, and in their place has been hoisted the red shield of the Salvation Army, or the Army whose workers everywhere in the country aided Uncle Sam in putting his big loan over the top today began its nation-wide campaign to raise \$13,000,000 for its Home Service Fund.

Every street is a Victory Lane in the Salvation Army drive. For more than fifty years the Army has been leaving the broad highways to work for uplift in the alleys and its workers, both Salvation Army folk and the vast force of volunteers, are today on the avenues and byways alike, as they ask the American people to express their gratitude for the work the Salvation Army has done for their soldier of France.

Evangeline Booth, commander of the Salvation Army in the United States, and the members of her staff attended the opening ceremonies of the campaign, at which former Governor Charles S. Whitman, national chairman of the Home Service Fund, presided.

Miss Booth, sanguine of the success of the campaign, said:

"The gratitude of the American people is so well-known that I can see nothing ahead of us but complete success. We are asking the people to give us a little more than \$1,500,000 a day for eight days. In the past we have received close to this amount every year from our tambourine collections, which were made quietly and without the systematic effort we are making in our Home Service Fund drive. Besides in former

days the Salvation Army did not hold in the heart of the American people the place it now occupies.

Two of the most active workers in the campaign are the McIntyre sisters, Gladys and Irene, probably the most famous of the Salvation Army lasses who went overseas. These girls both were cited for bravery under fire and recommended for the Distinguished Service Cross.

The campaign slogan, "A man may be Down, but He's Never Out!" is displayed everywhere on banners, billboards, in store windows, outside of dwellings, in the lobbies of the hotels and in all other public places.

May 21, Doughnut Day will be observed, and "Doughnuts a la Pershing, the doughnuts that won the war," will be available for everyone.

**Drive Opens in State**

Indianapolis, Ind., May 19.—The Salvation Army went before the

American people today in an appeal for funds to finance the additional work assumed by it during the war. The campaign, which will continue through this week and until next Monday, is a request for \$13,000,000.

Governor Goodrich has appealed to Indiana people to assist the organization.

"I cordially commend the Salvation Army and its great work and ask the people of Indiana to respond wholeheartedly and sincerely to the appeal of the Salvation Army," the governor said, "in order that this state may be in the forefront of the states of the Union in responding to this, the first call for aid in the great work of readjustment following the world war."

Working under the slogan "A man may be down but he's never out," the Indiana branch started the state campaign with a boom today.

Indianapolis, Ind., May 19.—Forty-two bandsmen who fought with the 150th Field Artillery in France and led this unit through the streets of Indianapolis when Indiana officially welcomed her service men home, will give a concert at the state fair grounds tonight.

The men, who had scattered to their homes throughout the state were re-assembled here today for the event. The seating capacity of the coliseum has been increased to 10,000 for this occasion. The concert will be benefit performance staged by a committee of residents of this city headed by M. E. Foley.

## W.M. SPARKS TO ACT AS THE SPECIAL JUDGE

Most Notable Litigation of the States History to be Tried at Noblesville Soon.

**AN EFFORT TO BREAK A WILL**

Judge Will Sparks of this city will preside as special judge at Noblesville, Ind., When the Madison Brooks case will be tried at an early date. This is said to be one of the most notable litigations of the kind in the history of the state. It was tried five years ago when the decision of the lower court setting the will aside was appealed to the supreme court. A new trial was ordered.

Brooks owned 3,000 acres of land when he died at the age of 90 years. He had given each of his children 160 acres, being one of the richest farmers in the state. Relatives claim that he was of unsound mind at the time the will was executed.

### CLARK IS NAMED MINORITY LEADER

Antis Win Victory When Caucus agrees to Investigate Advisability of Steering Committee

#### SENATE DEMOCRATS ORGANIZE

(By United Press.)

Washington, May 19.—Clark, retiring speaker of the house, was unanimously chosen minority floor leader by the house democratic caucus Saturday.

Anti-Clark men, however, won a partial victory when the caucus agreed to appoint a committee to investigate as to the advisability of appointing a steering committee to decide on democratic policies in the house.

Party leaders declared that the entire caucus was harmonious.

The fight on Clark failed to develop because of the compromise reached here Saturday between the Clark and Anti-Clark factions.

At the senate democratic meeting Saturday they elected Sen. Martin, Virginia, minority leader, and chose Sen. Pittman of Nevada, as candidate for president protem.

Several hours discussion of democratic policies on legislation then followed.

## Our Interest Doesn't Cease When the Goods Leave Our Store

We are just as much interested as you are in good work by the implements that you buy from us.

When you come into our store to buy an implement, you are mainly interested in getting a good bargain. And we are mainly interested in giving you a good bargain.

As we see it, there isn't a particle of difference between a good bargain for you and a good sale for us. They mean exactly the same thing.

If the implement you buy gives you full satisfaction in actual work, you have made a good bargain and we have made a good sale. No matter what you buy of us, we are concerned in its giving satisfaction.

We live here among you. We do business over and over with the same people. We know that we can't make future sales by selling unreliable goods, but that the extent of our patronage depends upon the satisfaction given by each and all of the implements we sell.

To help us carry out this policy of ours, we handle only high-grade implements and machinery that have a reputation for satisfactory service in the hands of the farmer.

Our interest follows these implements and machines into the field and, if for any reason they fail to work properly, we take steps to find and remedy the trouble.

Our business is founded on confidence—and service. Make our store your headquarters when in town.

### RUSHVILLE WINS 2ND PLACE IN TRACK MEET

High School Scores 23 Points in Sectional Event at Connersville —Two Will Go To Richmond

#### TOMPKINS AND SMITH WINNER

Rushville High school won second place in the track meet at Connersville last Saturday with 23 points Martinsville winning over them by five points. The locals won three firsts and one second. Conwell Smith won the pole vault with a leap of 11 feet and Tompkins won the 100 and 220 dashes and placed second in the low hurdles. With this record they will go into the state meet to be held at Richmond next Saturday with the hope of winning at least two firsts. In the low hurdles Tompkins was beaten out by Hayes of Martinsville by only four inches thus tying the state record for making the low hurdles.

Greenwood took third place with 17 points, Newcastle fourth with 15 points and Richmond fifth with 12 points. Shelbyville and Connersville also scored six points each. The local school was well represented as many from this city attended after R. H. S. made the good showing there in the triangular meet. Many have also signified their intentions to attend the state meet at Richmond.

## Janesville Two-Row Cultivator

WHEN you sit comfortably on the easy riding Janesville Two-Row, and see every plant in every row getting exactly the cultivation you want it to have, you think what a blessing it is that you have a machine to do all that work. The old timers would think so if they could see you getting over the field so rapidly, and doing the work better than they ever did.

The Janesville Floating Arches solve the problem. They are hung by pendulums from the top bar and swing from side to side with a pendulum movement. You widen or narrow the gangs in the row with your feet. Or lock them at any width desired.

The shovels naturally follow the rows, but you can shift them to either side so quickly and so easily that you can hoe every hill without stopping the team.

Your own weight on the seat bars acts as a lever to turn the wheels slightly up hill—this big advantage takes the down-hill creep out of side-hill plowing. The entire machine is light, compact, flexible—no oiling needed except in wheel boxes.

Cultivate with a Janesville Two-Row—and you will forget that there ever was hard work in cultivation.

**CONGRESS FACES GIGANTIC TASKS**

Problems Before 66th Session Threaten to Match the Tremendous Duties of War

**WANT WAR MEASURES REPEAL**

Senate Must Also Consider And Act on the Peace Treaty and League Covenant

By L. C. MARTIN  
(U. P. Staff Correspondent.)

Washington, May 19.—Tasks faced by the 66th congress, meeting today in extraordinary session, threaten to match the tremendous duties the war congress faced. The war congress, in the case of most war measures, had a definite thing to do, and took the shortest cut to the goal.

The incoming congress, however, has problems of peace to solve as momentous as those of war, but without the urge of making every day count for victory, or the patriotic incentive to unity which the war furnished.

Here are the chief tasks before the new congress:

Adoption of an army and a navy program on a peace basis, and appropriation of the money necessary to carry them into effect.

Solution of the railroad puzzle by legislation for the future control of the lines.

Settlement of the amounts to be paid the telephone and telegraph companies for the use of their lines by the government during the emergency.

Decision as to the future of the merchant marine.

Legislation to aid business in getting back from a war to a peace basis.

Legislation to enforce national prohibition.

Legislation demanded by labor.

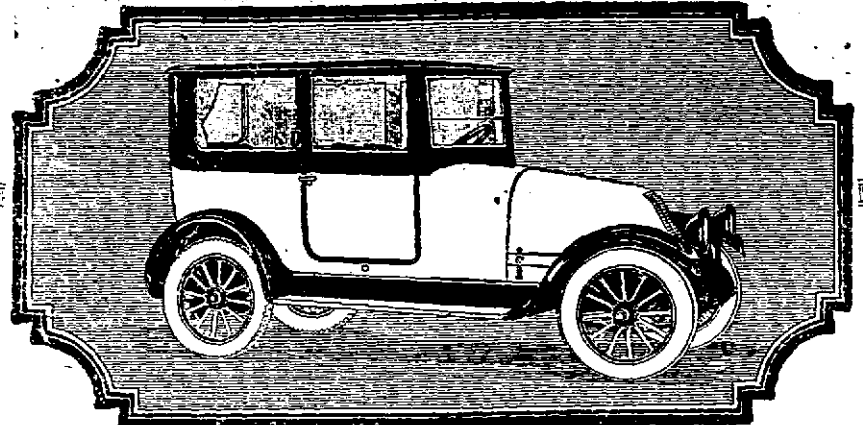

Legislation to curb bolshevism.

This list includes only those things which congress cannot escape considering. It does not include passage of many appropriation bills, which promises to be fruitful of much wrangling on the question of economy nor does it include self imposed tasks of which there are many.

Among the latter are revision of the internal revenue and tariff laws; revision of the court martial system; creation of a budget system (which, however may be made an administration measure and take its place in the category of inevitable tasks); investigation of government officials and agencies blamed by republicans for war blunders; efforts to amend the constitution or pass laws to prevent, in future, the granting of broad blanket powers to the executive department, either in peace or war time.

In addition there will be efforts to repeal practically all war measures passed by the last congress; and, according to indications, an unusual number of "freak" reconstruction and readjustment schemes financial, social and economic.

Add to this the fact that the senate must consider and act on the peace treaty and league of nations covenant, and the further fact that intense political rivalry will be in evidence in both houses from start to finish, and it will be evident why

**TWO-BED HOSPITAL TO BE OPENED HERE**

Green Office Building is Being Remodeled and Operating Room and Beds Will be Put Upstairs.

**CHANGES ON LOWER FLOOR**

Drs. Frank H. Green, physician, and Charles S. Green, dentist, are remodeling their office building in East Second street and will open a two-bed hospital, with an operating room, on the second floor.

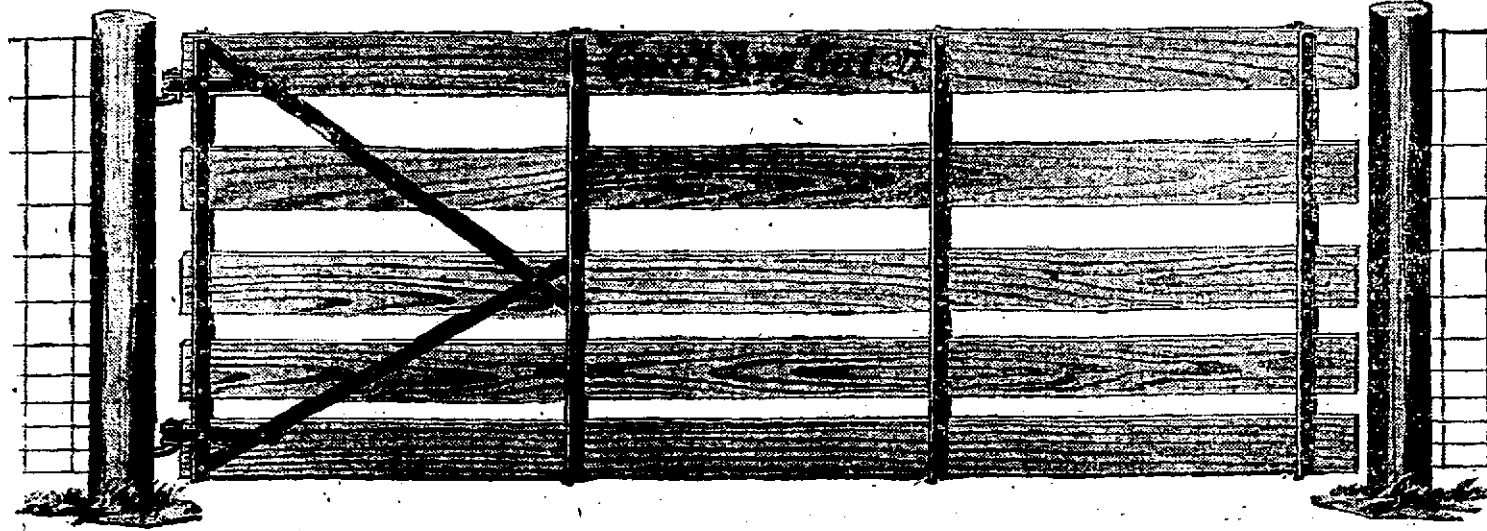

The entire arrangement of the lower floor is being changed. The small vestibule at the entrance, from which led doors to each of the offices, is being removed and one door

will open on a large waiting room across the front of the office, which will be used by both doctors. A hall will open off it, leading to separate private offices in the rear. On the west side of the hall there will be a drug room and on the east side a dressing room.

The stairway which now opens on the street, will be moved north six feet and a door cut into the hall from the main office. The two hospital bedrooms and operating room will be established in the front part of the upstairs. Dr. F. H. Green decided to open the hospital because he can scarcely ever get any of his tonsillitis patients and other patients into Sexton's hospital, and for the additional reason that Sexton's hospital closes two months each summer.

The Milroy high school class play "At the End of the Rainbow," was well attended at the second appearance Saturday night and the total door receipts for the play were \$235.05, most of which it is said will be clear money for the school.
